

## Step-33: Masonic

The Ashkenazi Masonic Order was started by Tycho Brahe and Johannes Kepler to guard the Torah written before the 4<sup>th</sup> Century, all the other Masonic Orders were Fake, they are all about Money, and do not believe in the God in the Torah that was All Light, yet it does not exist as a place, only as people, and those people belong to Fake Masonic Orders, even I am an Odd Fellow, and the Orders were 33 single-line entries, written on one piece of paper, and on line 33, it always has to say something about there not being a 33 Degree on line 33, as such, each degree is just a phrase, and you have to memorize them to pass the test, so why all the Secrecy is clear, the Church and its Members of Satanic Sheep would burn anyone alive with the Torah written before the 4<sup>th</sup> Century, and what the Knights Templar were all about.

The Freemasons and Masons are not the same things, the deal with Freemasons is that only the First 3 Degrees are Free, then they charge money for every Degree after that, and those degrees only stop when the money does, and why those Masons have no clue about the Ashkenazi Masonic Order, few do, it is because you cannot ask to join, someone must ask you, and I have never asked anyone to join, and never will, it was never meant to be a Club you have to join, it never had a building or a place, it was always just a meeting of people that wanted to talk about the Truth, and that is the last thing you will find in any of these Masonic Organizations nowadays, or you would know this story, and considering few do, we all know the Truth about Masons, Secret Society.

I would suggest having a Trinary Masonic Order, and all Trinary Militia run it, you start off with a single sheet of paper with 33 lines, and you write all the things that are important to Trinary Society, and line 33 is always that there is no 33 Degree, so make sure you post these publicly in Trinary Sanctuary, so everyone knows what they are, and do not change them, facts never change, nor should your Constitution, it never needed any Amendments, and no legal Amendments have ever been made to it, Congress is the reason we have Treason, and only the President can put an end to Treason, last one that did that was JFK, and his Brother would have done the same, but since then, no one, proving they are not Legal Presidents, they work for the Federal Reserve, and that is what Treason is all about, Lies and Liars, so never allow Money, Laws, or Religion, that should be a one line Order, and never allow Lies or Liars, and do not confuse White Liars or Story Tellers with Satan, Satan only Lies to Deceive with intent of something Evil, meaning something you can die for, like Treason, those that want to write this list of Orders, will find few will agree with any of them, and that is not what this list of Orders is about, it is about making the Right Orders, and then Following them, there are no Laws in Trinary Sanctuary, only Technical Data, and Technical Orders.

Masons are the ones that Design, Engineer, and Build, and what it takes to create Trinary Sanctuary, and why Masons will be needed, but a new breed of Masons if you want to use

concrete, you have to worry about it freezing, but working with Stone would have more challenges, in the long run, so you need to 3D print with hot concrete, that has a fast curing time, and you have to ensure you have a ceiling over your work area at all times, so from the ground up, you have to first build a roof, and then move that roof up as you build taller, and it needs to be well anchored so that wind cannot affect it, and it must be strong since I might be right about the Sky Falling when our Poles Reverse, if it does vent our Atmosphere into Space, all the moisture in the Air will Freeze, and Freefall back to Earth, so you will need Masons to ensure this structure is safe, and this is a Pyramid, and Masons should know the Secrets to Building.

The Masonic Order has several purposes in a Community, first is a meeting of like minds, where people can meet to discuss important topics, the second is projects, where you work on specific projects together, and the third is entertainment, you will want to make your form of entertainment, you want to make your music, and movies, as well as come up with your sporting events, because it is time for new sports, and you can have multiple groups for different types of people, and even ages for children, who should be included, Trinary Sanctuary is about making Children the number one priority, they are our future, and the Masonic Members is a long line of people who give selfless duty with honor.

The Masonic Order should be like the Military's Honor Guard, having been a member, I have more of an understanding about this than most, but it mostly deals with Ceremonies for special occasions like Weddings, Funerals, and Sporting events, as well as special events, and formal occasions, they are what people do in society to show they care about it.

The Ashkenazi Masonic Order was started to keep the Torah before the 4<sup>th</sup> Century safe from the Church and its Satanic Members, and Knights Templar, who would burn anyone alive with it, and what all the Witch & Wizards hunts were all about, protecting Secrets, and so it has a Secret History, and few even know the whole story, including me, too many Secrets were never written down and died with those keeping them, and why most Masonic Lodges are just Bars, and Bingo Halls, and have not done much over the centuries, other than to collect money, so do not use any Masonic Order's traditions, make your own, and do not keep secrets.

I grew up in a Masonic family going way back, and I would have to go to meetings, and other Masonic events over the years, like the Renaissance Fairs, Parades, and other events, and being an Aspie growing up and not knowing it till 2000 when I was 39, talk about a mid-life crisis, my first wife divorced me in 1997 after 20 years, and I remarry in 2000, and we are now going on 21 years, so growing up, I can remember thinking there must be a better way to create a Society, that is all everyone ever talked about, is how Satanic this Society is because of all the Religious Sheep, my family never did like Religion, they said they did not want to take the Mark of the

Beast known as a Sheep like Ewe, just to pay out of the closet gay pedophiles to Alter Boys like they Altered the Torah, this is where I learned it from, my Masonic family.

The Renaissance Fairs were normally always run by Masonic lodges, and I always enjoyed them, no one ever got killed, despite what the Battle reenactments look like, and it seemed most of them just liked to complain about the Government, and all the Treason going on, most belong to an Outlawed Militia, and it seemed like you had people you have no idea who they are, and then you have Masonic Lodge members you recognize, even from other Lodges, they would all gather at one place a few times a year, and over the years as the older generation started to die off, till my Grandmother no longer wanted to go for that reason, I eventually stopped going, and after I got married, I never got my family into it, it was not the same, the new crowd had no clue as to what is going on in the world, and why I lost interest.

The United States was founded by Masons, and there were many Orders, George Washington, Thomas Jefferson, John Adams, and Benjamin Franklin, were all members of the Ashkenazi Masonic Order, Jefferson and Adams did not like the Freemasons, they call them that because the first 3 degrees are Free then you have to pay for the rest, they said they are not to be trusted, no one that uses Money should be trusted, and the South would not sign the Constitution unless it had a Clause only Congress can print money, and my family would not sign it, regardless of how much Franklin insisted, my family had sailed to North America back in 1752 onboard a ship called the Phoenix and delivered a copy of the Magna Carta that Sir Isaac Newton said he fixed, and what our Constitution was based on, now it is just a meaningless piece of paper written on Hemp Paper, so it is not even good to Smoke, and our Founding Fathers would not approve of Treason, only Satanic Criminals would allow it.

The Freemasons have taken over the Country, and have been part of the Treason from the beginning, all they ever wanted was Money, and Treason is how they got it, so not all Masonic Organizations are good, my oldest daughter got into the Illuminati, and there are many other Masonic Organizations that prey on those going to College, even paying for it, and to be honest, as far as I am concerned, everyone is guilty of Treason, and no one deserves my respect, and why I just tell it like it is, not caring what anyone thinks about the way I said it, my Grandparents force fed me with Masonic Legends from birth, they raised me to be Jesus Bar Abbas coming back in my Flesh, just because I was born on that same Star Date as Jesus, and having my Legal name as Flesh, my role took on a different dimension, but after a while, I just gave up, and decided just to make fun of all the Sheep like Ewe, just to rip into them like the Military Dog IAM, I know who is in charge, and do not care, I am a 100% Medically Retired Military Dog who has Cancer, and missing a couple organs, and grew an extra spleen to make up for it, so what do I have to lose, what, someone will kill me, the Cancer is doing that slowly, and I only wanted to live to see the End of Time, as it turns out, that will be on my 72<sup>nd</sup> birthday on 14 January 2033, only 12 years from the date I wrote this, so I can care less about what the

Freemasons think of me, or any Mason for that matter, I gave up on the Masons years ago, everyone wants to work for Money, and get Taxed to Death, but the First 3 Degrees are Free, which is your first clue that this is all about Money, and that is all about Treason.

When I first dreamt of Trinary Sanctuary, it did not even have a name, nor did my Science, and it was based on the Greatest Wizards in History, Wizards like Kepler, Newton, and Tesla, and I thought more about how to build it, and that has not changed much, I decided to use Vacuum to power it, people thought I was crazy, but I thought it was a good idea back then, and still do, but most of the people in the Masonic Order I talked to, did not like my concept of Trinary Sanctuary, they were obviously fine with the Treason, as they say, besides the Treason it is still the best Country on the Planet, and I do not believe that for a second having been around this World, I can honestly say none of them will Survive the Sky Falling in 2027 or the End of Time in 2033, so I cannot say there is any Country on this Planet, that I would brag about, considering they are all going to die, and why as a child, I dreamt of people actually wanting to build Trinary Sanctuary so they would not have to commit Treason, but the older I got, the more I realized people know they are committing Treason, and just do not care, so why should I care if they survive, none of my dreams have come true so far, so why would I expect that to change, I realize now that no one really wants to survive if they have to do anything, if you build it, they might want to move there, but asking anyone to build it, forget it, I know it will never happen, and why I know with a 96% chance, that if our Atmosphere vents, the human race will go extinct, and that has not changed since I was a child, I do not look at this event as something that might happen, it is in the progress of happening, when the North Magnetic Pole crosses the Equator, our Magnetosphere will vent, I do not see any other way this will play out, all Electromagnetic Fields must Collapse, so unless this Earth has some trick I am unaware of, this event has a 100% chance of happening.

I remember talking to high ranking Masons like Joe Albertson about the End of Time, he said the Torah say the Wicked would dig their graves and die, and look around, everyone is committing Treason, therefore they are all the Wicked, and we will all die someday, and we all know there is no fixing America, and the other Countries are worse, they sold out to Satan Centuries before America was taken down, so the way Joe said he looked at this, is just let them die, telling them about it will just confuse them, and no one will do anything to change, and we all know this is the truth, there is no one on this Planet not guilty of Treason, and Satanism, and Joe was fine with his part in the World at that time, and he has every right to be, but few people knew Joe the way I did, he never talked about a lot of things around people, mostly a Trust issue, Joe and Kathryn were friends of my Grandmother Eula who was in charge of the Rebekah's for a while, as a child I can remember seeing them at events, they knew more than anyone else, that no one was going to give up Money just because it is Treason, and the Federal Reserve was not going to let that change, so what I learned from Joe, is that we just live our lives the best we can, and hope people will wake up, and decide they have had enough Treason, and I know, like Joe, that day

will never come, because people are Cowards, they have no Honor, and they are Money Junkies that all have a price they would do anything for, and everyone knows what their Price is.

I decided years ago to write stories in the hope someone cares enough about the human race to listen, so far, I have never met anyone that cares, no one believes this will happen, because some teacher at school told them nothing will happen to Earth for Millions of Years, yet we all know for a Fact a Meteorite has a 96% chance of impacting Earth in 2027, and we know that could be an extinction-level event, and we know in 2033 our North Magnetic Pole will cross the Equator, and we know all Electromagnetic fields must collapse, so we know this event will happen, and yet I am the only one writing about it, I made many videos, and audios about this, but still, people will say they debunked my facts with the latest theory, and why I give up on the human race and decided just to document the extinction of the human race, that is much more fun.

The things I have learned about most people, is that they just go along with what everyone else is doing, never questioning why the Federal Reserve prints money instead of Congress, knowing what Congress did to JFK for making them print money, and not allowing them to vote themselves raises, and what that proved to me, is that everyone is aware of the Treason, and really do not care, they have no honor, the Oath they took to Defend the Constitution does not mean anything to anyone except me, considering I have met very few people who cared, and those people are in Jail for caring, and why I tell people never to go to Court looking for Justice, the Federal Reserve owns the Judges, Lawyers, and their rules are simple, sue and be sued, what else do you need to know about them, or any government agency, including the Alphabet Soup Agency that are all Enforcing Treason as well, so nothing more I need to know about anyone, they are all Treasonous Traders, and all I can say is, those that survive the Sky Falling in 2027, and live long enough to see what happens when the North Pole crosses the Equator, will know if I was right about our Atmosphere venting, well not me personally, the Torah, Kepler, Newton, and Tesla all said the same thing, and they said it first, before I was even born, and I trust them, and they were the reason for the Ashkenazi Masonic Order, and why most people only believe what they heard in their herd, and that is a heard it mentality, and also what makes People into Sheeple, meaning those who took the Mark of the Beast known as a Sheep like Ewe, and that Joke just gets better every time I say it, because that Joke is on Ewe, and you know who Ewe are, those who Buy & Sell Souls known as Electricity by the Kilowatt, knowing it is used to make Light you know is God, so how many more times do I need to repeat that till it sinks in, this is what the Masons have been keeping a Secret, and why few know it, they keep Secrets, Secret.

I try to say everything in as many ways I can in hope that just one of them will get through to you the reader, those who must research what I have written to find out what the Truth is about anything, because if one thing is a Lie, it is all Lies, that is how Lies go, so understand what the Law is, which is Enforcing Treason, just that simple, it is a Criminal Justice System set up for Criminals to commit Treason, and with just a push of a button a Nuclear God Bombs will send

all your Souls to Hell, so what else can I tell you about your Future that you do not already know by now, I wrote two series, “The Light Wizzard in the Flesh”, and “The Trinary Universe”, each has 33 Steps, starting at 0, for a total of 66 Steps, and how much you understand or believe does not matter to me, I have to write it in order to document the extinction of the human race, and why is simple, no one cares about it, and no one will miss them when they are gone, the Earth will be able to heal, and the next race to dominate this Planet, will do a better job of taking care of it, and they will wonder about things they dig up, I wonder what their History books will say about our race, I would not think it would be good, look at what people have done to this Planet just for Money they had to Commit Treason to use, that is proof enough that the whole human race is insane, who else commits Treason for Money, that is just crazy, yet that is the World I live in, and if my Grandparents were right and IAM Jesus back in my Flesh, so I have to say things only Jesus would say, that is Jesus Bar Abbas, the Leader of the Militia that defeated the Roman Empire/Church for their use of Money & Taxation, so I hope I said this in enough ways, that just one of them you understood, and then my job is done, you know the dates, you know the events, and you know what might happen, what does only time knows.

All I can do is tell you what I have proven is the truth in my lifetime, I am not trying to get anyone to believe me, I always say Prove it, so FOIA, do not trust the Internet, ask your Government, ask NASA, ask whoever you want, it does not matter to me, because I know you will find it is the truth for you as well, there is only one version of the Truth, and that is what you need to prove to yourself, it does not mean anything until you know it is the truth and the only way you will know that, is to prove it to yourself and never believe you have any rights, especially the Right to believe what you want because only Satan believes that.

The Trinary Masonic Order is the only Masonic Order I care about, and the only one I would allow to exist in Trinary Sanctuary, this is the Last Step, but not the end of my Series, I have my first series “The Light Wizzard in the Flesh”, and my Next Series is going to be “Back in the Flesh”, where I tell you about my recurring dream/nightmare of the future of Trinary Sanctuary.
