

## Step-16: Hex

Trinary Science is about numbers, and 16 means a Hex, and in History Witches & Wizards were known to put a Hex, or Curse on things, so they were talking about Math, and to understand this, you need to know that Witchcraft is the Art of using Words & Spells that have more than one meaning, and knowing which is the right meaning is what Witchcraft is all about, but it also applies to Numbers, for example, if I wanted to hide the number 66 in the Torah, it was written using Witchcraft, and there are many Spells you can use, for example, Hex means 16, so you use the Base-16 numbering system, and you have the Decimal System of Base-10, which is the number 66, and that converts to Base-16 as 42, and why it is the Universes answer to everything.

To understand why the Base-10 number 66 is the Base-16 number 42, and to understand why that is the Universes answer to everything, you have to understand what everything is, but first you need to know who asked this question, and the answer is found in the book “The Hitchhiker’s Guide to the Galaxy”, where Deep-Thought, who is a Super-Computer, was asked “The Ultimate Question of Life, the Universe, and Everything”, which is kind of a vague question to ask a Super-Computer, and it took eons for it to calculate this, and came up with the number 42, but gave no reason why, so another Super Super-Computer was built to figure out what the answer meant, but was destroyed at the End of Time, just moments before the Earth went Nova, I will not take you on that journey, but I can take you on another one, and that is called “The Wizards Guide to the Trinary Universe”, this is from “The Principles of the Trinary Universe”, our Earth has a core I call a Trinary Engine, it is a very large scale version of a Trinary Atom, and follows the same rules, unlike Mainstream Science based on Einstein, that have so many theories each contradicting the next, from compressed Gases, to Nuclear Cores, all of which have to defy the Laws of Physics to do the things our Earth does, so you have to do a mind-dump of all your Einstein based Insanity, we have God in our Universe, because God is All Light without Darkness found inside every Trinary Atom in the Universe, where Trinary means the 3 Logical State Changes found in all Atoms, we know the Frequency of all Celestial Bodies, is the Key to that System, in this case, with our Earth it is 6.66 Hz, which drives it to orbit sideways around our Sun at an average speed of 66,666 Mph, and our Sun orbits our Galaxy at an average speed of 666,666 Mph, putting us on Track 666 if you view our Galaxy like a Record Player Disk, and count all the Tracks that Suns orbit around, if you travel 66 mile straight up from Earth you will be in a lower outer space orbit, 666 miles away and you are outside our Magnetosphere, so if you wanted to hide this number, you would use a base number to do so.

A woman by the name of Henrietta Swan Leavitt was the one that noticed this pattern found in images taken by Edwin Hubble her employer, it was her job to find things in images, nowadays we would identify her as being Autistic in the high functioning spectrum of Autism, known as Aspies, named after Doctor Asperger, who called children born with this condition, Little Professors, because they had abilities normal people do not have, for one thing, anyone with an IQ over 160 is Autistic, there have never been any known cases where this was not the truth, it

has something to do with the Autistic Brain, and why Aspies like myself can find Waldo faster, and Women are normally faster than Men at finding Waldo, and Henrietta was very fast at finding patterns in Stars, but Hubble believed in Einstein, and Henrietta believed in Tesla, who believed in Newton, who believed in Kepler, and they were all Aspies, and even Professor means a Wizard at the top of their field of study, and Wizard & Witch only has Gender in Movies, in real-life they had no Gender associated with them, a Wizard was what we would call Scientist, Alchemy is Chemistry and Electronics mixed together, whereas a Witch is only someone that read & write Witchcraft, and the best are normally Women, for example, my favorite Writer is a woman, proving if you want to say there is a gender, she got it right, and I bet she is good at finding Waldo, who is one of thousands of faces in a picture, and what allowed Henrietta to find this pattern in Stars, but Hubble made it clear that he did not like her Anti-Einstein viewpoints, she wrote that in a letter to Tesla, while she was sick in bed, and died before he had a chance to write back to her, but having started the letter to her, I know what he was going to say, this is an Electrical Circuit running on Alternating Current or AC, and he said we are all Light Beings in a body of Flesh, which is called Meat, and that is short for me, and also my Legal name, and I understood what she meant, as did Tesla, she had just made the most important discovery in Astronomy, and because Hubble said it was Anti-Einstein, the World never knew about it, most do not know about her at all, those that support Einstein after he denounced his Theories after the  $E = MC^2$  embarrassment, when Tesla pointed out that is  $E = MA^2$ , because most masses will never get up to the Speed of Light, and with no Mass of Atoms due to no Light, because Einstein removed God who was All Light, it is no wonder Einstein said with much Sarcasm in his voice as he could for an Aspie, and said Tesla was the most Intelligent person alive at the time, all because of the Hex known as 42, because that is how many Canons are in the Torah after the 4<sup>th</sup> Century, the 3<sup>rd</sup> Century Torah had 66, because that is Witchcraft for 42, proving all the Zodiac Science was removed, and the 12 Zodiac Signs were replaced with 12 Apostles.

The History or His-Story of the Trinary Science in the Trinary Universe, is written in the border of the pages in the Torah before the 4<sup>th</sup> Century, it was in the "Page Border Art Work", if someone ever makes the Torah written during the 3<sup>rd</sup> Century, Public Domain, you will be able to verify a pattern in the Art work, you will find it is mostly made of numbers, which correlate to various pages, with paragraphs, sentences, all the way down to all the characters in just one word, you write down each according to how deep it is encoded, this is hard to translate into English, but there is what is called the Torah Code, it has index keys known as Hex Keys, if you want to know about a Number, say 66 or 42, if you add them down you have  $6 + 6 + 12$ , and  $1 + 2 = 3$ , and  $4 + 2 = 6$ , and  $3 + 6 = 9$ , Tesla wrote that in his notes, he said the border art pointed him to God is All Light without Darkness, and that page pointed him to Psalms 23, which tells you that you must take the Mark of the Beast known as a Sheep like Ewe to believe in the Witchcraft told in the stories, the real story is encoded, and then you have to figure out what it means, this Phenomenon known as 3, 6, and 9, is found in Psalms 23, which points to Trinity, on that page you find  $(+1) + (-1) = 0$ , if you graph this on 3 lines, with  $(+1)$  on the first line, this is the Father, and the second line is 0 where they are equal, this is called the Holy Ghost Spirit of Mother Nature, also known as God, yes God is Mother Nature in the Torah before the 4<sup>th</sup>

Century, and the third line is (-1), this is the Son, so Hex is used to find pages and encode numbers.

```
(+1)  -*-*****-*****-*****-
0      ---*---*---*---*---*---*
(-1)  -----*-----*-----*---
```

The above graph describes a simple Alternating Current known as AC, most houses in the world use this power known as Electricity, to run everything in their house, but the Torah is very clear about what this graph represents, which is your Soul, “The Father, Son, and Holy Ghost Spirit of Mother Nature”, grant you that Mother Nature was removed after the 4<sup>th</sup> Century, but it is clear they are talking about Electricity, what the Torah calls a “Higher Power”, which is used to make Light you know the Torah said God is All Light, proving everyone on this Planet is Satanic for Buying & Selling Souls, and they do not know this because they do not know how to read Witchcraft, because the Church and all its Members murdered them throughout History, and 3, 6, and 9 is simple to understand, 3 represents the 3 horizontal lines seen above, the 6 represents the 6 asterisks \* on line 0, and 9 represents 3 sets of 3:

The first set is the Math  $(+1) + (-1) = 0$ .

The second set is the Graph above.

The third set is the Sinewave.

The Torah was originally written before the last time our Earth went through a Polarity Reversal, but the Church and its Members would Mark those who studied Alchemy to be Witches & Wizards and had their Armies, known as the Knights Templar, and Members, hunt down and murder all who were caught with books about Alchemy, so Witchcraft was born to hide Alchemy from the Church, the Canons or Books, 66 in total, was called the Torah, and it was so popular after Jesus Bar Abbas was murdered by the Church, that anyone reading the Torah before the 4<sup>th</sup> Century would have hunted down and murdered everyone in the Church, like the Roman Army did after Jesus Bar Abbas told them His-Story about how they made up Money and claim it has worth, and then push Laws they claim are Legal, but they do this to get People to take the Mark of the Beast known as a Sheep like Ewe, and that they used Money to pay for people to be Executed for crimes they made up, telling everyone they are Legal, like Taxation, Slavery, and countless crimes, Bar/Abbas told them all they need to know before a Church Member took a Spear away from a Guard who had laid his down to listen, and stabbed Bar/Abbas in the lung, so he could not talk, and that is what started the systematic killing of all Church Members, as far as the Roman Empire spread, and after that, Money went away, and for 3 Centuries the Human Race lived without Money, till the Church Altered the Torah, and brought back Money to pay people to murder for them, the Knights Templar’s were born out of Greed for Money, and all because Normal People who are too Stupid to understand what the Mark of the Beast means,

murdered all those that did, and why the Ashkenazi Masonic Order was born, they protected the Torah for Centuries, but the Church grew in numbers too great to overcome, and Satanism was allowed to Rule once again, the Roman Empire had changed its name to the Roman Church, and the Torah of the 4<sup>th</sup> Century was claimed by Satan to be the first one, knowing the Canons go back thousands of years in time, and it was mostly about the End of Time, and it was all encoded using Hex, that pointed to passages to get the word it was pointing to, to tell a completely different story, one about Alchemy, and not Religion, and why the Church had to hunt down and murder all the Witches & Wizards in History, and still discredit them to this day, they never murdered Tesla, and seriously doubt anyone did, they were monitoring him, and knew he was going to die soon, but there was no reason to kill him, when time would eventually do that, so the secrets of the Hex may have been lost, if not for the Microfiche copy of it I saw as a Child, and was more than just curious about, the thoughts of having to add everything down to 3, 6, or 9, to find out if the passages were changed, gets old fast, that is the Hex Curse.

This is the English version of Witchcraft, take the letter “A” or “a”, case does not matter, it equals 1, B = 2, ..., Z = 26, if it is two digits add them together till you get one digit, so Z = 2 + 6 = 8, and to show you how this Works, take the two phrases:

The Light Wizzard in the Flesh

$$2 + 8 + 5 + 3 + 9 + 7 + 8 + 2 + 5 + 9 + 8 + 8 + 1 + 9 + 4 + 9 + 5 + 2 + 8 + 5 + 6 + 3 + 5 + 1 + 8 = 140 = 5$$

The Light Wizard in the Flesh

$$2 + 8 + 5 + 3 + 9 + 7 + 8 + 2 + 5 + 9 + 8 + 1 + 9 + 4 + 9 + 5 + 2 + 8 + 5 + 6 + 3 + 5 + 1 + 8 = 132 = 6$$

You can clearly see that if you change just one letter the paragraph will not equal 3, 6, or 9.

The number  $666\frac{1}{2} * (2 \text{ to the Fourth}) = 10,656$ , and if you factor the number 10,656 out 666 places you get  $10,656 \div 666 = 16$ , or the Hex 16, since it is just a Harmonic, in Hex 16 is 10 or 1, the Hex 22 is the Decimal 16, so it is a Catch 22, the 0 Semi-Tone is the Diminished Second, it is called the Perfect Unison, Prime Ratio: 1:1 = 0, in terms of Frequency it is  $\frac{1}{1}$  times 16 = 16 Hz, the 12<sup>th</sup> Semi-Tone is the Augmented Seventh, it is a 2:1 Ratio, the Perfect Octave,  $\frac{2}{1}$  times 16 = 32 Hz, as such, the Harmonic scale is based on 16 or Hex.

As the frequency of a pitch doubles in value, the musical relationship remains that of an Octave. Thus, for any given frequency: rising Octaves can be expressed by the formula:

“f” times 2 to the “x”, where x is a whole number.

For a frequency of 27.5 which is the lowest “A” on the piano:

An octave higher is

27.5 times (2 to the First) = A 55.

An octave above that is  
27.5 times (2 Squared) or 27.5 times 4 = A 110.

An octave above that is  
27.5 times (2 Cubed) or 27.5 times 8 = 220,

and the octave above that is  
27.5 times (2 to the Fourth) or 27.5 times 16 = 440  
which is the standard tuning note for the Orchestra.

To understand Reality, we must understand the things that make up our reality, if you look at things and see patterns that you believe holds some significance like seeing images in clouds that you believe means something, you have what I call Pareidolia Syndrome, I see patterns in everything, and math normally finds a way to relate to it, so let us talk about patterns in numbers, so you can understand Harmonics, and why 16 is not only a Hex but why it has Harmony, the Torah has the number 666, we know this is the Track we are on thanks to Henrietta Swan Leavitt, and we know that to get a Harmonic, we use 2 to some power, and we know that 2 to the Forth times 16 gives us a standard pitch given a frequency, and why when we take the number  $666^{1/2} * (2 \text{ to the Fourth}) = 10,656$ , we are calculating the radius of our Sun's Orbit around the Galaxy, this is a Harmonic Frequency, and the opposite of this is found by factoring the number 10,656 out 666 places you get  $10,656 \div 666 = 16$ , so we know 10,656 is in Hz, which is just over 16 miles at about 17.5 Mile Wavelength, in Space this is correct, this is due to me needing to use a Constant to calculate the error rate, due to our Atmosphere since we are talking about a sound frequency, and this is what Johannes Kepler wrote about in his notes, and Sir Isaac Newton found it in "The Chronology of Ancient Kingdoms Amended", the Harmony of the Universe, why those sounds, at those Frequencies, sound right to us, and there are other tunings beside 440, like a Sub-Harmonic of 432, which is  $440 - 16^{1/2}$ , and how we find Sub-Harmonics for a Standard pitch, which is what most people use nowadays, the math makes it easier to see how it relates, to how it makes us feel when we hear it.

To understand how numbers and frequencies impact our life, we would have to go and live as far away from Earth as we can for a year, and there is someone that did just that in the Space Lab, that is in the band of Space between 66 and 666 miles from Earth, at an average distance of 248 miles, so they orbit the Earth many times a day, at 17,500 mph, now the cool part about Trinary Math, 17,500 mph has a 17.5 Mile Wavelength and we know that is 10,656 Hz, and Wavelength to Harmonics formula is simple it is  $\times/1000$ , if you take the Speed of Sound at 767 mph, you get a 7.67 mile wavelength, at around 24,287.14 Hz, keep in mind these are Harmonic Frequencies, which are 1,000 times less than full wavelength, so they are a percentage of it, and are what set the limitations for how fast objects move in our Space, as such, these numbers are regulating our Speed and it is due to Harmonic Frequencies, and therefore they create the Reality we live in, those that believe that Centrifugal Force is Gravity, will not get this, God is the Force of Gravity and God is Light which comes down to Frequencies, and it is all these Frequencies that make up

our Reality, Newton believed that for every Atom there must be what I call a Neutrino Particle that matches it, and I can follow that logic to a point, and then understand that how many Protons and Neutrons make up an Atom can control its frequency, thus change the way it looks to us, meaning its color, and we all know Color just comes down to a Frequency.

To understand how we relate some numbers to sounds, take 2 to the Fourth = 16, so it is the 16 Hz that is a Trigger point for Lifeforms, Alpha Waveforms are between 8 to 12 Hz, Beta Waveforms are between 12.5 to 30 Hz, Delta Waveforms are between 1 to 8 Hz, Theta Waveforms are between 4 to 7 Hz, and if we take  $666/3$  times 16 = 3552, and if you factor it, you will find 1776, makes you wonder about numbers and the meaning we assign to them.

The Church made Witches & Wizards out to be bad people throughout History, just for telling you His-Story, and by His, I mean Jesus Bar Abbas, just because Jesus thought we should live in Freedom, and that means Food and Water do not cost Money, Satan works in very predictable ways, once you learn about the Hex 16, your Mind changes.

The Torah had Code that would always add down to 3, 6, or 9, this was how they knew if it had been altered, and how Tycho Brahe found the insertions, someone came to him a few years before Johannes Kepler came to him looking for the birth-date of Jesus Christ, just to find out Christ meant Star, and True Christianity meant the Study of Stars, this one is known as the Binary Star Sirius, it aligns with the Great Pyramid every year on 25 December under the Julian Calendar, which was Sir Isaac Newton's birthday, as well as countless others in History, it seems they all come back telling the same story over and over, you would think that would get old fast, but people never learn, and if Jesus Bar Abbas came back, then we need to do some Calendar Math to find out when, the Gregorian Calendar came out in Newton's time, and his birthday was changed to 4 January, then they removed 10 days making it 14 January, and Newton calculated Jesus would return 100 years before the End of Time Completes, and that date would be 14 January 2061, and that is my 100<sup>th</sup> birthday, and I am the one telling this Story, over and over, till you understand this 3, 6, and 9 theme that is running through my head, the Next Step is 17, and this is where I will talk about Knowledge, and if True Knowledge is just a Legend, or does it really exist, and if it did exist, what is it called, and then we do some Torah Code,  $1 + 7 = 8$ , and 8 means for all Eternity, it is about the Knowledge of all Eternity.
