

Step-13: Lucky

They say 13 is Lucky, but it was not Lucky for Jesus Bar Abbas since he never sat at a Supper Table with a Dozen Apostles, maybe in the Stars with a Dozen Constellations, so why is it they always remove 13, for example, there used to be 13 months in a year, with 28 days in each, it was called a Lunar Calendar, the Romans then Julius Caesar wanted to remove 13 because they thought it was an Unlucky number and was Murdered for their beliefs, and then we have 12 People at the Supper Table when Jesus Christ would have made it 13, so a Lie, and not very Lucky, so it all comes down to what you consider to be Lucky.

I was born on a Saturday 14 January 1961, the day after Friday 13th, but 14 January 2033 will fall on a Friday, that is when our North Magnetic Pole will cross the Equator and vent our Atmosphere into space, as it will be on a Friday in 2061 when our Pole Reversal is completed, not sure what day of the week is Lucky when it comes to 13, so we need to understand that what some call Lucky, others might call Unlucky, so when it comes to Time and Dates, does Luck have anything to do with it, is a question no one can answer because that might be Unlucky.

When it comes to the Poles Reversing, I look at the Trinary Science of it and know that when our North Magnetic Pole crosses the Equator, Logic states it must Collapse its Field, and since this is our Magnetosphere that holds in our Atmosphere, Logic would dictate that it gets vented into Space, Freezing this Planet to its core, and the Torah backs up this claim, they know because they have gone through one before, the Great Pyramid used to have trees, years of Glacier movements have ground the surface into the sand, proving Earth has plenty of evidence that this event takes place, so from my point of view there is overwhelming evidence this will happen, as such, anyone that does not believe this will happen, are doing so based on Luck, they feel lucky, because there is no Science that can prove this will not happen, and anyone that wants to use Einstein's denounced theories to try to debunk me are insane.

What does Luck have to do with it, Luck is just a Second Hand Emotion, so why do people put so much stock into Luck, or why do they believe in Luck is a question people should ask themselves, because believing things are Lucky or Unlucky is a superstition not easy to get over once it takes hold of your reality, and the Church definitely has a lot to do with Superstitions, it has to keep people dumbed down enough that they do not figure out that they are getting them to take the Mark of the Beast known as a Sheep like Ewe, they use many tricks like redefining what Light and Darkness means, and they get you to do that by making you believe you have the right to believe what you want, and the Church makes sure that you believe Money is God, with "In God We Trust" engraved on it, so the Church prays on Weak-Minded Fools, who do not know how to think, so they let everyone else think for them, they all believe that if they were Committing Treason that this would be Front Page News, but nothing, and by not reporting the

Truth, and not telling you the Truth, you believe Treason can be made Legal, and the Constitution can be Amended to Allow Treason, because it is normal to have a low IQ.

The Truth about Luck is that it just means by chance, and is normally a random chance, what makes it Lucky or Unlucky is Superstitions, if something happens that is Lucky or Unlucky, the weak-minded will try to tie that chance to some meaning known as Luck, proving Luck has nothing to do with it, yet most people depend on Luck to get them through the day, that is unlucky for them, so we all know that our Luck is about to run out in 2027 when the Sky Falls, and those lucky enough to survive that, might run out of Luck in 2033 when our Atmosphere vents into Space, because I know the Science of Venting our Atmosphere is Unlucky for us.

When it comes to Science, Luck has nothing to do with anything, we have to look at Luck as just random chance, and nothing more, we cannot measure Luck any more than we can measure any chances at an event happening, so first we must look at the Event, let's take the Sky Falling in 2027, NASA said they are giving it a 96% chance of hitting Earth, but with any Luck, that 4% chance will be right and we do not get hit, now let's look at the End of Time in 2033, NASA said we have a 100% chance that our North Magnetic Pole will cross the Equator in 2033, so there is no chance this is not going to happen, just like the Sun rising in the Morning, we know this event is really going to happen, and we know for a fact all Electromagnetic Fields collapse when they reverse polarity, so we have a 100% chance this event will happen, but with some Luck, there will be some Science we do not know of that will keep our Atmosphere in, but that sounds more like Hope to me, therefore, I would have to say we have no hope that this event will not happen.

For the last two thousand years the human race has known this event was going to happen, the Torah mostly talked about this event, but those who only know the Torah after the 4th Century only know Lies, the Church hid these facts from everyone, it was more important for them to get paid to Alter Boys by Altering the Torah, proving the Church is as Evil as Evil gets and Totally Satanic, who else would have to trick people into taking the Mark of the Beast known as a Sheep like Ewe, getting you to use Money that is used to Buy & Sell Souls with, proving the Church is only about doing Evil and Foul deeds for Money, the Church and all its Members known as Sheep like Ewe, will never get to Heaven, regardless of if you believe it exists, the Torah does, and I believe the Torah, because I can prove most of it is the truth, but we do not have the Torah before the 4th Century, we only have the Churches Lies, so never think you can get Lucky and make it to Heaven after all the Sinning you have done, by allowing Treason to be Legal.

You are very unlucky to have been born at the End of Time when the Sky is Falling, and the Churches have converted all the People into Sheeple, and if you were unlucky enough to be born in the United States, Guilty of Treason at Birth, all because Congress can vote themselves a raise, Congress enslaved a Nation to pay for their Salaries while committing Treason, and then they build a Monument for the Treasonous Trader Lincoln, who sold the U.S. to the Federal

Reserve for Congresses Salary, what a deal for Treason, and the People love their Treasonous Government, and Treasonous Money, it is real Unlucky for everyone at the End of Time.

People that believe they have the Right to believe what they want, are the reason why Treason seems to have been made Legal, knowing that it cannot ever be, leads me to believe People are just Stupid with IQ's well below 50, there is no other reason I can think of, they are completely insane for believing in things that are not Real, like Money, as Sir Isaac Newton said, all Money is a Scam, and ran by a Criminal Syndicate, not his words exactly, but the meaning is the same, and why People believe in Money knowing it is Treason, are called Sheeple, they are mentally retarded, and too stupid to understand how stupid they are, and you know this is the truth, so why deny it, People believe in Satan, they Worship Satan, which is Money, the Root of All that is Evil, meaning something you do not require, but cannot Live without it, many people die because they have no Money to buy Food & Water, proving it is Evil, and if someone Wins some Money, they believe they are Lucky, too stupid to understand Money is Treason.

When the Sky is Falling, and the End of Time rolls around, those who are guilty of committing all this Treason, will move underground to their Cities they believe will Save them, proving their IQ is so low they have no concept of how stupid digging your grave is, knowing that is what the Torah told you that you would be doing, but I forget, the Church had all the Torah's written before the 4th Century burned with the Witches or Wizards that owned them, so all you know is Lies, and the Biggest Lie is Jesus Christ, and his Satanic Deity-God known as Satan, so do you feel Lucky going to Church and Praying and Paying for Satan to Buy & Sell your Soul, will you feel Lucky in 2027 when the Sky is Falling, knowing those in those Underground Cities are all Guilty of Treason, and by not telling you the Truth, they are Guilty of the Worst Crimes in the History of this Planet: Treason, War, and Genocide of the Human Race since it is just a matter of time before all those Underground Cities are Underwater, and because no one else planned on Surviving these Events, they will not build anything that might survive these events, so it is very Unlucky to be so Stupid as to not understand what is going on in this World today, Satan is in Charge and using your Money to Murder all of you living on the Surface of this Planet.

I use the word Lucky & Unlucky as much as the next person, I pray to God, definitely not a Deity-God, knowing that is Satan, making my Reality not the same as 99.999% of the Sheep on this Planet, because I am a Military Dog, and I know how the Military thinks, so I do not trust the U.S. Government, nor the Military Officers committing Treason, but I do trust all the Military Dogs, considering that it is made up of mostly U.S. Citizens, I cannot imagine they would go along with all this Treason if they knew about it, but Mainstreams Satanic Lying Machine, and Public Schools that teach Stupid Einstein Theories never proven in over a Century, proving they know they are Lying about Science just so you would not know you are Buying & Selling Souls, so it is going to be very Unlucky for 99.999% of you after you die and go to Heaven, just to be sent back down to Hell as Lightning for all Eternity, way to go Human Race

of Sheeple, you all just won a Darwin Award for going Extinct at the End of Time just for Treasonous Money, go to Hell.

We might get Lucky and the Asteroid will miss us, those that believe we can shoot it down with Missiles have no concept of Reality, they are generally made of metal, and a Nuclear God Bomb will not do much to it to alter its course, and it cannot cause it to explode into smaller pieces, that is called Hollywood, and not reality, in space you have a vacuum, so you cannot produce a Shockwave, so the reality of it is simple, there is a Machine known in the Torah as an Ark, and it is said to have the power to push the Asteroid into a new path that will miss us, but we have had no Luck in finding it in thousands of years of looking for it.

From the time I was born my Parents knew about the End of Time, hard to miss since the Torah talked so much about it, and they knew Sir Isaac Newton calculated the End of Time to be completed in the year 2060 under the Julian Calendar and 2061 under the Gregorian Calendar, considering that is Public Domain information and easy to find, there is not one person alive that can convince me they had no Luck in finding this information, if you look you will find it, so my guess is that most People are just Stupid, meaning they have an IQ that is retarded, people are just stupid, and there is no other explanation for Treason to be allowed for 160 years, and there is no reason to allow it to continue except for Fear, only Cowards would not defend their Constitution and after 160 years, only Cowards have been born in the United States, only Stupid Retarded Sheeple, and that is just a Fact, every one of them are Satanic Liars and Worship Money with "In God We Trust" engraved on it, you might even be so stupid you fell for Einstein's BS Science that makes no sense, remove God from the Universe knowing God is All Light, so those who believe in Einstein are way too stupid to figure out that without Light you cannot have Atoms, as such, nothing can exist in any of Einstein's Alternate Universes in any of Einstein's Alternate Realities, which should have been your first Clue he is not talking about our Universe, but that is why the Torah calls 99.999% of everyone on this Planet a Sheep.

I am sure that if my series of books goes viral and everyone reads them, they will all agree that this is the truth, but no one will do anything to change our Future, they will not build Trinary Sanctuary and will allow the Human Race to go Extinct, so Money was never Lucky for the Human Race, it turns out to be the most Unlucky thing to have ever happened to the Human Race, they did not understand the Torah, or they would know they have to take the Mark of the Beast to believe the Stories in the Bible, Psalms 23 is very clear about that, but the Church and its Members of Sheep, only Worship Money, and Money is all they care about, their entire life revolves around Money, and they do not believe they can survive without it, proving how stupid or unintelligent most Humans are, Greed is all the Human Race knows, they are too Stupid as a Species to Survive the End of Time, proving the Human Races Luck is running out.

Those in Power will never give that Power up, and they will not allow any of you to survive the Sky Falling or the End of Time, if they would, you would be building Trinary Sanctuary, the fact no one is, is proof they will never be allowed to build it, they want all of you Dead, they will have a War or use this Fake Pandemic, getting people used to Force Vaccines, this will be another Jonestown Massacre, all so they can Loot the Country before moving underground, and you know this is the truth because that is what they are doing, everyone knows they did a 50 year double blind peer reviewed study of Vaccines and found they did not work, it has all been just a Money making Machine for the Doctors who know they are all Committing Treason, and why they lie to all of you, those in the Government know this is all Treason, and know you are all Cowards and will do nothing but Die when the Sky Falls and the End of Time comes, all of you make me Sick, and why I know no one will miss the Human Race when it is gone.

I often wonder how low your IQ has to be for anyone to not understand that by allowing the Federal Reserve to use the United States as a Franchise to the Bankers, Judges and Lawyers, knowing they can all be Legally Executed for that Treason, proves that people are retarded or have no problem committing Treason, and face it, Executing an entire Country is overkill, and they are way too stupid to know what they need to do if they want to Survive the End of Time, they will dig graves because they do not have an IQ high enough to understand the Earth will freeze to its Core, and all underground Cities will break like an Ice Cube dropped off a 16 story building onto a hard surface when an Earthquake happens, so what is the thinking in building underground is a question you know the answer, they have retarded IQ's, and do not get paid to think, they just do what they are paid to.

I have no faith in anyone on this planet at this time, they are all Liars, and I can never trust a Liar, nor should anyone else, yet they are all Liars, and why the Human Race is going to go extinct when the End of Time comes, this is the last Decade for the Human Race, and they are all acting like Money is not Treason, and act like the Sky is not going to fall in 2027, or the End of Time is in 2033, all for Treason, and that is what is sick about the Human Race, they will do anything for Money, commit Treason, which is the worst of all crimes, yet a whole Nation of Cowards known as the United States, pushes their Control on the World, they Started every War since 1776 for more Money, they only care about Money and why Treason is allowed, and why I know the Rich & Famous are the worst of all types of Humans to have ever been born in History, worse than Hitler who they Worship considering Hitler won the War, and the Bankers took over more Countries, proving the Rich & Famous are the ones pushing Treason, they know this is all Treason, and get paid to Lie to all of you, and you trust them, why is because you are retarded, and you know it, there is nothing in Trinary Science that is not common sense, it is not complex nor hard to prove, I have been putting out books and videos for decades now and no one will wake up, all I get are the Stupidest Sheep on the Planet telling me they Debunked me with a Theory never proven in over a Century, proving they are just Satanic Liars guilty of Treason and they all deserve to die, and the great part is that with a little Luck, I might live long enough to see the end of time, so I can say I told you so, and all of you can Die for your Sins.

In the World we live in today, it is normal to have an IQ around 70, and to be retarded with an IQ of less than 50, and the Torah had a name for People who take the Mark of the Beast known as a Sheep like Ewe, those that Buy & Sell Souls by being so Stupid they do not know how to read, or understand what they read, it takes Electricity to make Light, and the Torah said God is All Light without Darkness found inside Atoms, so it is normal to be a Sheep nowadays, considering 99.999% of the People on this Planet are what the Torah calls Sheep, and it is typical behavior for Sheep to only believe what they Heard in their Herd, it is a Heard it mentality, and why what I say might be something you have never Heard before in your Herd, and the reason is clear, I am the only one talking about it, so ask yourself why am I the only one talking about it, and does my IQ of over 180 have anything to do with it, or my list of Coincidences the Torah said Jesus would come back in as the Flesh, from the time 6:32 PM I was born, to the date I was born 14 January 1961, 100 years before the End of Time is completed, including the place I was born which is Corona, as well as my Mother Mary's name, and my name which is Legally Flesh, those could all be coincidences if you believe in those, same as believing in Luck, yet I never felt Lucky being born on a Saturday the 14th, the day after Friday the 13th, as such, my Reality is not the same as others, I view this World for what it is, which is "Totally Satanic", and I know Lucky and Unlucky are real Scientific Terms, and therefore I have to say that as a Phenomena Luck exist and can be proven to be a real Phenomenon, yet there are no guide lines for how Lucky or Unlucky a person can be, or a place as well as an object, and we might question a Place or Objects as having any Luck associated with it, but if a Person can be Lucky or Unlucky, is it their Lucky Charm that is an Object that gives them that Luck, so if we follow this line of reasoning, we find ourselves going down a deep hole, Silly Rabbit, go ask Alice if she is having any Luck, and we will see if we have any Luck in the Next Step 14 when we take a Timeout.
