

Step-19: Teenagers

The average age of a Teenager is from 13 to 19, and at 18 in the United States you are an adult, yet you are still a Teenager, too young to Drink Alcohol, but old enough to die in a War you might get drafted into, so what does it mean to be a Teenager as a Trinary Militia Member is what I want to talk to you about since you might already know what it is like or will be like if you live that long, to be a Teenager in a Country that can draft you at 18, thus you may never get as old as 19, I know my Mother Mary never did, all because of a Vaccine meant to Murder her, because after JAMA published a 50-year double-blind peer-reviewed study of Vaccines and determined they do not work, Antibiotics work, but not vaccines, all they do is give you the disease that can kill you, all too thin out the Sheep, and why if the Human Race is to Survive the Sky Falling in 2027 and the End of Time in 2033, knowing adults have no interest in Trinary Sanctuary, and the Bankers, Lawyers, Judges, Police, and others working for Money, have no interest in Freedom, they Enforce Treason by calling Freedumb, Freedom, just like they call their Deity-God, God, and want you to believe they have the Right to believe what they want, so if there is any hope for humans as a species, it is up to Teenagers to make it happen.

With the Sky Falling in 2027 and the End of Time in 2033, and all the Adults are fine with this, and do not believe they need to prepare for it, it is clear to me that if the only hope for the human race to survive this is underground tombs, the human race will go extinct, so if anyone wants to survive this, it would be up to the Teenagers to build Trinary Sanctuary, if they do not, no one else will, and there is no guarantee that these events will be Life Extinction, Science has aspects we do not know about till after the event, and all I am going by is Science, plus what the Torah said, which was that they went through this before, this is the 3rd Century Torah I read as a Child, so take it for what it is, I had to look up every word in it since it was not English, it was a very old form of Chinese, and where the Torah was moved at some point in History, Sir Isaac Newton said there are a few other languages it is Translated into, but English was not one of them, and the oldest Torah Newton found was written in the 2nd Century, and was in Chinese, and from what Tycho Brahe said, he found 3 different languages, but all said the same thing, and noted that the Chinese language is nothing like any written language they have now, it was made up of Angles, and was clearly a translation of what I believe are the original Torah, which was written by an Advanced Society living underground and underwater, and have spacecraft, aircraft, watercraft, and other forms of transportation, according to Admiral Byrd, and once I mapped out a journey the Torah must have made, you can see a pattern, and this is a story you need to know, but this Step is aimed at Teenagers, and not Adults who are all guilty of Treason, and owned by the Federal Reserve who prints their Treasonous Money, and had their chance to prepare, but decided to believe in the Insanity of an Unproven in over a Century, and Denounced Theory of Einstein's, and we know they are denounced because Einstein removed God, who the Torah said God is All Light without Darkness, and in our current Science, we have Light & Darkness, therefore Einstein's Theory does not apply, and we use Johannes Kepler and Sir Isaac Newton's Math, and all their Equations are based on God being the Force of Gravity.

I will talk about my First Cousin 5 Times Removed, Isaac Newton Flesher, who was an Ashkenazi, and named after dead relatives, like Benjamin Franklin, who was his Son, and what they wrote about, is what I know as Science, and my family goes way back in History of North America, my Fathers Grandmother's side came from Ireland back in the 1600s, and Isaac Newton's Grandfather came to North America in 1752 on a ship named the "Phoenix", as a Navigator, and set with the Captain of the Ship, he had with him a version of the Magna Carta that was later given to Benjamin Franklin, but due to the Clause, only Congress can Print Money, they would not sign it, and soon this led to Civil War, and Abraham Lincoln took out a loan from the Federal Reserve for the North on 14 January 1861, while the South took out their own loan from the Federal Reserve, and when the first payment came due in 1933, and Congress could not even make the Interest payment, after voting themselves a raise for committing Treason, as they erected Statues of Lincoln, later on the KKK added his Mug Shot from a Treason Poster on Mount Rushmore, and why my version of History is not like Mainstreams Version of Insanity.

I cannot distinguish what is Sir Isaac Newton's from what is Isaac Newton my cousin's, and the reason why is because he read all of Newton's notes, and wrote about them, and what he wrote about them was just as amazing as what Newton wrote about, he used what he knew at the time, and was able to figure out what Newton's notes were about, they were written using Witchcraft, or the Art of using Words & Spells which have more than one meaning, he realized this Ancient form of Chinese, dated back over 10 thousand years, and was the same people who built the Great Pyramids, these were our Ancestors, and what he said was that the Torah did not have Jesus Christ in it, but did have a Canon on Jesus Bar Abbas in it, and it said that a Church Member stabbed Jesus in the lung to stop him from talking, but that angered the Roman Soldiers, who wiped out all the Churches and all its members, which brought an end to the Roman Empire, and why they wrote a Canon about that story is for another reason, from what he wrote there was already a Canon about what they called Prophets, these are people born under the Julian Calendar on 25 December like Sir Isaac Newton, and that date was changed to 4 January, then they removed 10-days, making it 14 January and that is my birthday, and why I know so much about it, and I was born 100-years before the End of Time completes on 14 January 2061, and I was born 100-years after the United States Constitution was abolished, as such, the way I view History is by its Laws that I know are all Treasonous, and as far as Bar/Abbas being in the Canon, there were too many to remember besides him, and add Sir Isaac Newton to that list, considering he said he was Jesus in the Flesh, and the reason why is simple, not only was he born on the right day, but he was the only one interested in what Jesus had to say about the Roman Empire, and they are the same as the Roman Church, proving they are the same in History, so when I say Isaac Newton or Newton, I have no idea which one I am referring to at times.

If you were raised to know the truth, your reality would be much different, but that is not our reality, if you live in the United States like I do, you know if you read the Constitution that it has

a Clause in it stating only Congress can print Money, the last President who tried to have Congress Print Money was John F. Kennedy, and he took Office 6-Days after I was born, so I was born into a new Age, that did not last long, Congress sent everyone the Message about how the Federal Reserve does Business, and my wife and I are both Medically Retired Air Force, and we both took an Oath to Defend the Constitution, and I will do so till the day I die, I just have no delusions about trying to take it back, it has not been enforced for 160-years, and in only 6 more years from 2021, the year I wrote this, most of the Population on the Surface of this Planet will be having a real bad time if the Sky Falls on them, you know from NASA we have a 96% chance of a Near Earth Object or NEO impacting Earth, and it really does not matter all that much where it hits, unless it hits you, even if it does not, you will be effected by it, and if you were raised to know the truth, you would know this, but it is more important for Congress to be able to vote themselves a Raise for Committing Treason, and not telling you about all the Treason, the Sky Falling, or the End of Time, so what did you expect is the real question, there is no fixing the U.S. and you cannot take back the Abolished Constitution, the Burning Bush told you that is Treason, so what God do you Trust in, a Deity-God, or the God that is all Light, that is God Kepler and Newton said was the Force of Gravity in all their Equations, as in the Light inside all the Atoms in the Mass of $E = MC^2$, so this is where the Truth begins.

If the Human Race is to Survive, they must build something that can survive the Sky Falling, and the End of Time, and still be able to build a future, after 6-decades of thinking about this, they must build a Pyramid, the shape is simple, it will stand up to a Glacier if you build it right, I would make submarines I call Pods, these are Spherical, so you can level the floors in any orientation you want, this is in case of Earthquakes, and you interlink all Pods in 3 locations, this creates a network of Pods, and you interlink all the power, air, water, food, sewage, trash, transportation, shipping, and other requirements, and use Robots to build them, the whole structure is 3D Printed in Concrete, so it will be safe to build as the Sky is Falling, or after it, and so you can keep building after 2033, for future Generations to Survive, and you cannot put all your hope in Underground Cities built by people that believe in Einstein and a Deity-God they call God, knowing it is not the God in the Torah since that God is All Light without Darkness, and I would not Trust Adults, they have allowed Treason, so start Fresh with People who have not become an Adult, and thus guilty of Treason, and only allow those not guilty of Treason to live in the inner ring, where all the Trinary Militia Members make sure all Power, Air, Water, Food, and Basic Supplies are Free to all the rings in Trinary Sanctuary, and once a Member you should always be a member regardless of Age, I am just saying no Adults that only work for Money, and Teenagers have not yet had to work for Treasonous Money, and are not Money Junkies yet, but there is no hope for adults, therefore Teenagers are the future.

I would not build Trinary Sanctuary out of Fear of the Sky Falling or the End of Time, build it because you understand the future can change anytime, and you need to be prepared for it, regardless of what happens when the Sky Falls, NEO might miss us, and we might not lose as much Atmosphere as Trinary Science would have led me to believe, time will tell, but waiting

for that event without a way to survive what might happen, is another story, you have been warned, so do what you want, come up with your own plan, and get the World behind it, or at least help me document the Human Races Extinction Events, that is far easier, just make a few notes, a Bucket List, and at least a plan on how you will spend your last day before any of these events are about to happen, regardless of what happens, at least you can be happy in your final time on Earth, and if the Torah is right, Hell will Freeze over, and just maybe we can get the Eagles back together one more time, as we take it to the limit.

If you do not learn from History, you might just repeat its mistakes, but when its History is all Lies, you have nothing to learn but lies, and mistakes you never knew existed, so if you Teenagers take up the challenge to build Trinary Sanctuary, find land you can be given unlimited rights over, with no one having any rights to interfere with the “Inner Light Ring”, you form a Trinary Militia, you train everyone to do a task, and you get to work building it.

The concept of Trinary Sanctuary is something Teenagers need to understand, Trinary Militia are well trained, none combat, a dedicated group of individuals, who work on task they are trained for, in order to build the largest complex on the Planet, it has a core which is the center hub of the Greatest Pyramids ever built, nothing like the Ancient ones, these are built from the ground up, to be Engineered to handle the load put on them, built in a way they can with stand an Earthquake with a 10-Rating, for 10 Minutes, and designed to survive underground if buried, underwater if flooded, and the vacuum of space should the Earth go Nova, and you do not have much time to build it, and you need to build it in “Rings”, this is a Pyramid, with a air shafts that reach as tall as you can build it, it is your only limiting factor, you need the vacuum, this is the key to how the system works, and this is highly complex technology, that is now available at this time, all you have to do is know what to do with it, and how to design it, and the first place to start is the events, so let us be realistic, if you get hit by a Meteorite of any size, it is over, so build more than one Trinary Sanctuary, name them with Outpost Designations, and try to link them with underground tunnels if you can, and under all of the Pyramids, dig underground bunkers, in case you do get hit, so you must build both at the same time, and each “Ring” are separate Networks, all are inside the same pyramid, and get direct connections to Air, Power, Water, Food, and Basic Supplies, and these are Free to all “Rings”, these supply lines all come from the Core or what I call “The Inner Light Ring”, Inner because it is the Core, and Light because it is where Trinary Militia are in Charge of that Ring, they only allow God that is All Light without Darkness found inside all the Atoms in the Trinary Universe, and they do not allow Money, Law, or Religion, and this is not an Anarchy, it is an Advanced Society based on Trinary Science, which is Science you can prove to yourself is the real science of this Universe, so they do not allow the Worship of Religion, or its Satanic Money that is the Root of All that is Evil, as proof it is Treason, you can Legally be Executed for, nor do you allow any Theoretical Science of any kind, all Science must be based on Facts.

The Trinary Universe is about teaching your Children well, and that starts with an Advanced Society I call Trinary Society, where Trinary is always the 3 Logical State Changes found in all Atoms, and this type of Society is based on God Being All Light without Darkness that is those 3 Logical State Changes, and in Science this means God is Atoms, and God is the Electron, as are we since our Souls are Light, and you can make Light with Electricity, therefore Trinary Sanctuary must never allow any of its Electricity, Air, Water, Food, or Basic Supplies to be sold, everyone has a Right to Live in True Freedom, and Trinary Militia ensure this is how Trinary Sanctuary is, and stays that way, you build as many “Rings”, or Pod Networks as you require, and allow each to be Self-Governed, the only “Ring” allowed to be Armed is the Military, and they are always the outside ring, they need access to the outside, and need to be able to defend all the rings inside it, they have Search & Rescue as their main objective after any major events, and as a whole, Trinary Sanctuary is not just one “Ring”, but many “Rings”, that all act for the better of Trinary Sanctuary, and learn to teach our children the truth, and not have to lie to them about Treason, War, and the ugly truth about Money, and why you must have “The Inner Light Ring”.

The Trinary Universe is not complex, it is as simple as $(+1) + (-1) = 0$, and it should be easy to learn, and easy to teach, and since Teenagers will need to learn it, in order to teach it, and why it is not complex to learn, nor complex to teach, and step by step we learn what it takes to learn the Trinary Universe, and as a Teenager, I can remember what that was like for me, and know it was not like that for anyone else but me, and everyone else has the same to say about them as well, this is what makes us all individuals, and concepts about Light & Darkness are easy to understand, Sir Isaac Newton proved we can only see the Darkness found in the White Light of the Sun, shown through a Prism, and Light without Darkness is not in the Visual Spectrum of Light, and that same Light is inside all the Atoms, so that Light is everything we can see, as well as everything we cannot see, and really that is all Trinary Science comes down to, how we translate this into our lives is what Trinary Sanctuary is all about.

Trinary Sanctuary will build Rings for every group of people that want to live in that group, so keep in mind I am Ashkenazi, as were Adam & Eve, Adam was from the Tribe of Ash, and Eve was from the Tribe of Nazi, and the Ke are just people who are in shades of Grey somewhere between, so understand that in the Torah, everyone came from the Ashkenazi, it was thousands of years that made all the other Tribes, if you believe you are not a descendant of the Ashkenazi, then where did you come to be, are you from a different planet in another solar system, or maybe you are from one of Einstein’s Alternate Universes in an Alternate Reality, and why the need for different Rings are required, for different types of people.

I know the History Channel already settled that argument about Color, but decided it must be Adam who was Black instead of Eve, which is short for Evening, and her father was Seth, and he was as Black as Night according to the Torah, and Eve named one of her children after him, and the Torah said they were banished from Paradise with all the Other Sinners, proving they were

not the first people to be banished from Paradise, but there was only 3 Tribes there, and all the other Tribes comes from those Tribes, and in the Torah of the 3rd Century, Newton said that there was a Canon about 3 types of Apes that lived thousands of years before the Human Species we have now existed, before than only Apes that evolved on a different evolution then those on the surface, it said there was a White, Grey, and Black type of Ape, and the 3 were not allowed to interbreed, the Canon said they built the Ancient Stone Monuments as Land Marks, and they met a race of people who live underground, or underwater, they have advance aircraft, or spacecraft, that can fly into the water at a very high rate of speed, and come out of the water just as fast, this was confirmed by Admiral Byrd, they taught them how to build the Great Pyramids, and build an underground City known as Paradise in the Torah, miles below the Great Pyramids, and after thousands of years, they lost most of their hair, they never had fur, it is not the same as human hair, so not those kinds of Apes, as Darwin pointed out.

I can only tell you what I have learned since I was born, and from the time I was a child, to the time I was a Teenager, I never knew I could use that voice in my head to speak to myself, worse thing I have ever learned, all because a teacher thought I needed to learn her way of reading, which was to use that little voice in your head to sound it out, more important things to learn in life, time to grow up and learn something new in the Next Step 20, as in Years.
