

Step-02: Trinary Sanctuary

Trinary means the 3 Logical State Changes in Atoms made of Neutrinos with the Light of God inside them, Sanctuary is a safe place to live, Trinary Sanctuary means that all that live here, are Free, and have real Freedom, and not that Free-Dumb Sheeple have, but Free of Religion, Money, Gambling, Laws, Rules, Regulations, Copyrights, Patents and all forms of Slavery, this is the Lightside and most Darksider's will not like this Concept, Satan will tell you that is Communism when it has nothing to do with it, Satan wants Slaves to do Satan's Bidding, and that is what Good Sheep do, and why I call them Sheeple, as such, No Sheeple allowed in Trinary Sanctuary, and why this is Step 3 but numbered Step 2, like Degrees, the first 3 are Free, I like that concept, I wish I could set the price but cannot, you have to read Step-0 and Step-1 first.

Trinary Sanctuary is a place, the concept is to get the Federal Reserve to make a Contract with Trinary Sanctuary, the terms of this contract are few and simple, the Federal Reserve will allocate some Rocky Land to Trinary Sanctuary to manage under their own form of Government, and to help with Equipment to get started, in return Trinary Sanctuary will build the Federal Reserve a Headquarters so they can monitor the progress on site, and will provide all excess Energy, Water, Air, and Food as payment for the Worlds Debt.

Trinary Sanctuary needs people that understand what I have written so far, if you use Money you are building a Prison and not Freedom, and people are Lazy and Trinary Sanctuary is built for Lazy People, we need to build Robots to do all the work, and everyone would love the remotely operate them, as such, Trinary Sanctuary will need a lot of different Jobs called Tasks to fill, Trinary Sanctuary is not an Anarchy, it is run by Trinary Militia, they take an Oath to Protect and Defend Trinary Sanctuary without the use of Arms, or any Fighting, not because we are Passive, we are Militia, so you need to understand the layout of Trinary Sanctuary, it has a Center Ring where it has a Pyramid that can be built as high as it is wide, at a 45 degree angle, there are many Rings outside of Trinary Sanctuary, these Rings are for groups of people that want to live isolated from the rest of the Rings, we call this Zion, beyond that we have the Darkside, these are Companies that want to move their business to our Location, you want to build the very outside Ring as Military, and the only ones that take Arms, and get into fights.

Trinary Science proves the End of Time in the Torah is true, as an Ashkenazi, I want to make Rings for the Jews that want their own Paradise, and Rings for Nations and Christians can have a few for different beliefs, Trinary Sanctuary is not about converting Sheep into People, or converting Theoretical Followers into Trinary Science, it is not about converting anyone, it is just about only knowing, which is beyond believing in what we can prove as an Advanced Society, it is beyond all Laws, Intelligent People know Right from Wrong, those that do not bet

Banished to the Outer Rings, we do not Punish nor Prison, we have no Laws not to be Lawless, but because we do not need to be told what we cannot do, we only need to know what we can do.

If you want to save the Human Race from Extinction, then you will have to be in charge of doing so, all I can do is tell you what will happen if you do not, for starters, the Planet will lose some Gravity when its decay rate hits 0, I have no idea how much of an effect the loss will be since it is restarting the Field in the opposite direction, what was our Magnetic North Pole will now be at the Equator around 14 January 2033, and for 6.66 minutes, Gravity will be shifting Frequency, and will slowly build up to full strength after 1 complete cycle or one 24 hour period, so imagine this for just a moment, the Magnetosphere is at 0 for 6.66 minutes before it can start to rebuild its Magnetic Field that just collapsed, there is no way this event can happen any other way, it is a Magnetic Field and they always collapse as they pass through Ground.

Trinary Science is very simple, our Planet has a Core, we call this a Trinary Engine, every Galaxy, Sun, Planet and Moon has a Trinary Engine, they are like Trinary Atoms, but on a larger scale, all the rules are the same, so nothing new to learn, then the truth, they are Electrical in Nature and that is what is driving their travel through our Galaxy, they have no Gas inside them, that is called BS Science, only Satan would think such a stupid thought, besides the fact it has to break the Laws of Physics to do so, the concept is as Stupid as an Atomic Reaction, there is no proof of that whatsoever, much like the Big Bang, all Theories that required the Laws of Physics to be broken, proof they are just Satanic Liars.

Intelligent People can learn to do many tasks, Trinary Sanctuary is about doing all the tasks required of an Advanced Society, that means Medical Doctors, Engineers, and Technicians, but jobs like Police, Firefighters, Government, and Banks, are Satanic Jobs only required by the Darkside, who are people who have no concept of Right or Wrong, or they would not be Treasonous Liars, so there has to be a division between People and Sheeple, those that are not Intelligent Enough to survive in Trinary Sanctuary, will be banished to another Ring.

Ask yourself what if no one takes Charge and asks the Federal Reserve for Trinary Sanctuary, because regardless of what anyone believes, the End of Time will happen, Earthquakes will level all modern buildings in seconds, and at over a 10 worldwide for 6.66 minutes, the Water in Oceans and Lakes will moved thousands of miles from where they were covering all the Land, the underground Cities will be underwater when the Earth Freezes instantly to 6-feet deep, there will be no power lines standing, nor trees, the Torah described what will happen in great detail, maybe you should read it, but you do nothing thinking someone else will and then no one does, that is it for the Human Race, those believing their Underground Cities would survive this, did not read nor believe the Torah, proving Money cannot buy you Engineers with any common Sense, all because of a few Cents.

If I want to perform a Miracle I will live to be 72-Years old on 14 January 2033, I have no delusion about what will happen on that date, but if it does fall on that date, that was another Miracle, I would be a Liar if I told you I knew it would happen on that date, I would be just as surprised as anyone if it did, see Jesus Bar Abbas was not the Son of God anymore that anyone else is, we are all made from God, and that means Intelligence, God had to Create the Universe one Atom at a time, like the Story of Jesus, I just understood the Torah, and wanted to rebuild the Pyramids that Moses destroyed with his Lust for Gold, almost wrote God, that L in Lust and Legal are the same thing when it comes to Law, God never talked to Moses any more than God could talk to me or anyone else, God can only Help those that can Help themselves, Bar/Abbas, with the slash, is like me writing Robertson/Flesher, my Mother was Mary Lu Robertson, or Son of Robert the Bruce from Scotland, the Flesher clan had William Wallace in our clan, the French woman who had his child was a Fletcher or Fleischer depending on if you are in England or France in this case, later moving to Germany via Poland, it is a miracle I am still alive to write.

The Torah in the 3rd Century was not written in English, so it is not a Play on Translations, that is called a Game, and I do not play that game, I want you to understand the meaning of every word and spell I use, I might be a Wizard, but I am not much of a Magician, I cannot change the date and time Sir Isaac Newton Calculated back in 1666, any more than I could change my own birthdate to match that date and time, no one can, no miracles here, I was just born into a Masonic Family Line of Ashkenazi blood line, I had all this drilled into my head before I learned to talk, which was at 6 months, same as my oldest daughter named after my Mother Mary, our Destiny is something most of have little control over, our Fate is the only thing we can change, but my Faith is in the Torah, so I have no Free choice nor Freewill.

Trinary Sanctuary is about individuals working with teams to accomplish a common goal, to survive the coming Ice-Age, those that would rather die are free to do so, doing nothing waiting to see what will happen will get ewe a Darwin Award, and everything I told you can be verified and you should verify it, start with the Federal Reserve, they have no reason to lie, the ones I have met were very honest, next is Freedom of Information Act or FOIA, you do not need my permission to FOIA me, I was the only Jeffery Scott Flesher in the U.S. Air Force at the time, but the only one born on 14 January 1961 at 6:32 PM, so not hard to verify my claims, I have no reason to lie about any of this, and could in fact go to prison for lies, so look up the Laws that prove the U.S. is a Dollar Sign \$, and that Executive Order 6102 Trading with the Enemy Act did not prove who our Enemy is, Money and Law that allows Treason, and why Trinary Sanctuary does not use those forms of Controlled known as Slavery.

Trinary Sanctuary needs a Leader, and everyone is that Leader, and not one Person, but all the People, we do not allow representatives, everyone represents themselves, you set up a computer system with a list of Task, and the required training to go with that task, and after a person is trained to do that Task, they do it till they gain Rank, this is not used to Give Orders, this is the

Trinary Militia, Rank indicates your level of expertise, once you reach a specified level you can cross train into another Task, thus more training, and a new Rank level for that Task, but keep all Ranks, you might have a high Rank at one task, but a low Rank at another Task. Teams are chosen by someone that can monitor multiple teams, this is a Task, that person can move people around into different teams as required, they need to know by Rank how many people are required, you have Tasks that Monitor Tasks, at every Level of Government, we are all Leaders, Rank indicates how well we can do a Task, so this form of Trinary Militia is based on this Rank Structure, the chain of Command leads to Engineering, they have the authority, and you have to do things their way, and that should never change from one Engineer to the Next, Trinary Sanctuary is about an Advance Society of Engineers, and the basic principles for a Task need to be written down as Technical Data, which includes Specifications and Details, and Technical Orders, which are Procedures on how to do a Task, the Leadership responsibility is on everyone.

Trinary Sanctuary is founded on the concept of Freedom, meaning we are Free of the Religion that Redefined what God is just to Alter Boys, and Money that is Treason to its Constitution, Free of the Laws that allowed that Treason, and everything to do with it since it is just an Evil Concept, no Money means you work for Free, and get everything you need for Free, and everyone gets the same share, it is not based on how much work you do, or for your contributions, Freedom has be the same for everyone, or it means nothing to anyone.

People who believe Lazy People are Worthless, put a Dollar Sign on the Value of their Life, and that is not what Freedom is about, it is a Task to assign Tasks to people, it is everyone's Task to read about all the Tasks and find one we will either enjoy or do well at, so it is your Task if you want to be a Trinary Sanctuary member working on the inner Ring, to pick a Task you want to do, and trust me, no matter how Lazy anyone can be, there is a Task that Requires it, and being an Operator is the Laziest Task you can have, this system is in place to help everyone in need, some Operators will answer calls, while others will look for trouble by viewing Camera Feeds in all public Areas, and if they find something that needs to be delt with, they call an Operator that answers calls to deal with it, the perfect lazy persons Task, remote in one hand, something to watch all day long, not saying this is a brain dead Task, we have those also, but Lazy is one thing, brain dead tasks is another, it takes training to know what to look for, and know what to do when someone needs help.

Laws tell you what you cannot do, and punish you if you do them, Trinary Sanctuary is not about telling you what you cannot do, and is only there to teach you what you should do, and not to punish you for any mistakes you make, this is not an Eye for an Eye System of Justice, we have no Legal Tasks, no Legal System, no Prison, no Prisoners, this is Freedom not Freedumb, and few know the difference if you have to ask, call an Operator, that is as far as the long arm of the Law reaches in Trinary Sanctuary or it would not have any Freedom, in an Advanced Society you are taught the Right way to do things, if you think you can improve the system, put in for a

change to the Technical Data or Technical Orders, but follow them unless you have reason to believe they are wrong or dangerous, then call an Operator, great system.

How to get started with Trinary Sanctuary is a hard question to answer, but it starts when enough people decide they want to live, as opposed to being on the Surface of the Planet when the Decay rate hits 0, and we all find out what is really going to happen, and that comes down to whose Science you want to believe in, you have Kepler, Newton, Franklin, and Tesla, I will call this the Newtonian Universe, this is also known as the Trinary Universe, and you have one Person called Einstein who denounced all his theories while Tesla was alive just so he would stop laughing every time someone ask him what he thought about Einstein's Theory, Stupid Sheep believe they are Intelligent by saying "I understand", next to "I swear this is the Truth and nothing but the Truth so help me God", famous last words list goes on to win more Darwin Awards then most, and Tesla put it, paraphrased, we are all Light Beings, it takes Electricity to make Light, so look at your Brainwaves, I added that, not sure what he thought of them, but what he wrote was enough to make that connection, our Souls are that Electricity, ever get the Life shocked out of you, meaning Electrocutation, talk about sending People to Hell, Thomas Alva Edison was a Criminal, and his Money is the only thing that kept him out of Prison, the Crimes he committed will keep him in Hell for all Eternity, him and his Lover John Pierpont Morgan, not sure what Tesla meant by that, but the way he wrote it, I got the feeling it meant Edison was up Morgan's Ass and publicly was known to kiss it, but it is a fact they knew they were dealing in Souls, and just because they are Souls cast down to Hell, they are still Souls, and makes both Edison and Morgan Satan, or D`Evil, or Devil, and no one can ever deny that, it is as clear as the Church wanting to Alter Boys, the Mark of the Beast known as a Sheep like Ewe is something no one can argue with, it is Logical, and the Reason is clear, they believe their Underground Cities will Survive, but as I pointed out, they would then be called Tombs, so decide what Future you want for the Human Race, and make those plans while you can, because tomorrow it might be to late for anyone to survive what the Torah explained in Detail, only Sheep like Ewe are Satanic Liars, so ask yourself if you are a Sheep who will take the Mark of that Beast, and ask yourself if you believe or know that God exists as Light inside of Atoms.

Sheep that Voted their Children's Rights away and now believe they still have any Rights, will want to vote on Trinary Sanctuary, they Voted for Treason so their Votes are Satanic, meaning Evil or the Backward Spell for Live, so why they want to vote is simple, they are Sheep, and Sheep only believe what they Heard in their Herd, and believe a Vote will confirm anything, as if voting between the lessor of two evils is still evil, so why vote since we all know it is evil, because Stupid Sheep who like Yew, are allowed to Vote, look what happened when Congress was allowed to Vote, they Voted themselves a bigger salary with death benefits for their treasonous families, proving how evil Money is, there is some truth to the decision people make about Denying Jesus 3-Times, proving people would vote for Jesus Bar Abbas over Jesus Christ, only for the wrong reason, proving Voting is a Sin.

If you wait to see what will happen in 2033, believing nothing will happen, and nothing does happen, which is always a possibility, this is all based on the Newtonian Universe, and it is very predictable, Light is Static, God is the Force of Gravity, so if that turns out to be wrong, and we really do live in an Alternate Universe in an Alternate Reality, where anything is possible, and if one of those possibilities is that God does not Physically Exist, or exist at all, then a Paradox exists that cannot happen in any Reality, God Exist or Light without Darkness does not exist, those are the only two options you have, and the Church's God that does not Physically Exists demands your Faith, the Newtonian Universe was just the truth about God who Physically Exists as Light without Darkness, so the choice is yours as to what you want to believe will happen, I will never change my mind about Trinary Science unless this does not happen, than there is no denying, if God Exists this will happen, if God does not Exist, this will not happen, "To Be or Not To Be" that is the question, not trying to convert Sheeple into People, no one can do that, Freewill.

An Intelligent person who reads these short stories will get it, not saying you are stupid if you do not, Intelligence or IQ has nothing to do with people's ability to be fooled, we call them Magicians, also known as Wizards, but I am not that type of Wizard who wants to make a Fool out of anyone, the Torah calls them Sheep, and explains to you that Satan will get his Flock to do the bidding of you know who, Satan, D'Evil or Devil, think slaughtered sheep with horns, and Bar/Abbas was not that kind of Wizard either, the Church was the ones pulling a fast one just to Alter Boys, that Joke never gets old, I say it because it is the truth, but I personally find it offensive and mean it with disdain in my voice, and not as a Joke on the Alter Boys, that part is Sad butt True, pun intended, and the Joke I am referring to as never getting old, see thousands of years of Hunting down my kind and burning us with the Torah written before the 4th Century, the Church has earned my disdain and Joke at their expense for putting everyone for thousands of years through the Church's Lies and downright Satanic Practices, can the Church change is a question I ask you, a rhetorical question since I do not want your answer, after all, if my Grandparents and the Torah is right, I might be Jesus in the Flesh, just not Christ, but Antichrist, it is insane to come back as Jesus Christ knowing he never existed in history, but only someone insane would want to come back as Jesus Bar Abbas, I never wanted to, most of the time I think that was a Joke played on me by time, but the way I look at this is simple, IAM the Light Wizzard in the Flesh, so find out what the next Step is all about.
