

Step-15: Society

The Society we live in, no matter where you live on this planet we call Earth, as of 2021, is what the Torah called Satanic, meaning full of Liars, who Buy & Sell Electricity we know is used to make Light knowing that the Torah defines God as Being All Light without Darkness, and since we know our Brainwaves are Electrical Sine-waves, we know Electricity is our Soul, proving our Mainstream Society is Satanic because I just proved they are Buying & Selling our Souls, and most of them took the Mark of the Beast known as a Sheep like Ewe, and since we all know this is the truth, anything Satan tells you will be a Lie or a Half-Truth proving they are Satanic, which is the Belief you have the Right to Believe what you want.

I tend to tell my Reality to anyone and care-less if they believe me, in fact, I tell them to prove what I write is the Truth by using the Freedom of Information ACT, or going directly to the Source, such as, NASA, who has no reason to lie about a Near Earth Object known as a NEO, will impact with Earth in 2027, and that our North Magnetic Pole will cross the Equator in 2033, these are just fact few people are aware of for some reason, and why is what confuses me, it would seem that a Life Extinction Event would be the Mainstream subject of topic, but no one but me is talking about it, well not true, NASA is talking about it, but have not speculated as to what will happen when this event occurs, other than a Pole Reversal, and that is enough of a clue that our Magnetosphere is about to reverse Polarity, how this will happen can unfold in only two ways according to Trinary Science, my original thought was like Newton said, that in 2061 under the Gregorian Calendar, our Magnetic Poles will reverse completely, for some reason I was thinking this would not happen till then, but then I took the time to read through NASA's study of our Magnetosphere, and I took more things into account, and one is the rate our Oil was depleted, that effects the rate our Magnetic Strength will decay, so I like to work in a computer program called "Blender", it is a graphical physics simulation program, used to make Animated Movies or Games using the physics simulation, so my Reality is based on research, and concepts I can prove using Blender, and it was when I went to model and Alternating Current or AC signal, that I realized that when it crosses the 0 degree reference line, in our case the Equator, our Electromagnetic Field would collapse, and very fast, and not over the span of years, which is what some believed would happen, and in that event the simulation would taper off our Field over a longer period of time, thus not venting our Atmosphere, but Electricity and Electromagnetic Motors do not behave that way, their fields always totally collapse unless you have a Permanent Magnet, which our Earth acts like an Electromagnet, so this event would only take it a second to hit 0, we may think our planet will react slowly to the change of an Electromagnetic Force due to the size of the Planet, but that is based on a Centrifugal Force Model, and not that of an Alternating Current, in an Electromagnetic Configuration, I would have to make up my own rules on how our Reality works, to get Blender to simulate and AC Signal another way, no matter how you do it, at 0 you have no Energy in that circuit, and it must collapse in order to rebuild in the opposite direction, the term opposites attract is based on this Principal, you can watch an Alternating Current all day long and that pattern never changes, it cannot rebuild and opposite force while its last Force still exists, and that is all the Earth is, the

Equator is known as Ground, we call that Earth, and Mother Nature is in control of Earth, knowing God is the Force of Gravity, means God is Ground, so, what does that mean in terms of Electricity, well God is the Force of Gravity in all of Sir Isaac Newton's Equations, the Torah talks about this as the Father Being the Positive 1, and the Son Being the Negative 1, and the Holy Ghost Spirit of Mother Nature is 0, and that is number 0 is what number God is, a Masonic thing Geo-Masonry 0 Dimension, which is what GOD is short for, the 0 means God, the G means Geo-Masonry, this means Compasses, Squares, Triangles, measurements, and building of Temples, which is where Dimensions come in, we have Width, Depth, and Height, and the 0 Dimension, which is the 32nd Degree, so let me explain this another way, using simple explanations for why all the current Society Systems around the World is Satanic, and what a None-Satanic Society would be like to compare it to.

I know for a fact that the Torah written in the 3rd Century existed, I was given it to me by my Grandparents on Microfiche on 35 mm projector slides, as my site grows weaker, I have a harder time trying to remember what they look like, for some reason my Glasses do not work when I am thinking of an object I want to see in my vision, in this case a Single 35 mm projector slide of the Torah written before the 4th Century, each slide had 25 pages front to back or 50 pages if you only wrote on one side of it, with projector slides where you have to see through them, and you have to have access to a Microfiche Reader for that type of system, which in this case was U.S. Military, the machine my Grandfather left, was small, it used a lens and several mirrors that bounce the image back and forth to amplify the distance between the mirrors, much like the Telescope that Sir Isaac Newton invented, that uses a mirror to reflect the Light back and forth to make the total distance the Light traveled to be longer for a shorter telescope, except to see very close up images much larger, in this case it was like looking through a pair of binoculars, you have two eye pieces, that look into a focal point where the mirrors intersect the image back to you so it is right side up, and instead of having one large image, you see 10 x 5 pages of images magnified in such a way that you can only see one page at a time, and you had to move pegs in this 10 x 5 grid box on the top of the unit, to move from page to page, but the whole unit was solid, made of glass and brass that did not require polishing, I made the mistake of polishing it once, Light would reflect off the Brass, I had some Gun Blue, and that fixed it, I could see all the pages, and had boxes of slides, I still have one box left, but is just of 35 mm film, but the boxes were the same maker, if you put in normal 35 mm film, you can view it in 50 segments, very fine detail, the grid pad was very large compared to the size of the whole unit, it made it stick out about 6 inches from your head to where the slide was located, so I know the Torah before the 4th Century existed using this method, having used Microfiche in the Air Force, which was replaced by Computers, I can say we lost part of History by not converting all that data over before we lost the device used to view it with, it is like having a Beta Tape, without a Beta Player, you cannot view it, like my Real to Real we thought was so cool back in the 1960s, finding a player is hard to do would be my guess, considering all those tapes would be deteriorated to a point they may not be usable, now they are just images etched into my Memory as a Child, my Step Mother said she threw them away because she needed the box they were in, and why my Steps do not talk to me, some Memories I wish I could forget, while others I wish I could download.

Growing up I learned I could memorize a book by looking at its pages, somehow subconsciously I would read them without knowing it, this is not like speed reading, I just look at the page for a second, and if you ask me what is on it, I can read it in my mind real fast somehow, I lost the ability after a Traumatic Brain Injury, the images are still there, just fuzzy, as is my vision since I am legally blind without glasses, but I thought about what Society would be like if everyone could learn how to read this way, but our Reality is distorted by our use of Technology, for example, I have a Voice Processing Machine, I used it to record my voice for the Light Wizzard in the Flesh Videos, and I always thought it was the machine doing the work, till one day I went back to recording years later, and many operations later, and when I talked into it, thinking this Light Wizzards voice was going to come out, I was lost, I forgot that it was actually me talking like that, and the machine just changed that way that sounded to me, and that is how I view Society, we think our Technology makes us sound Intelligent, people come to my YouTube account for the Light Wizzard and say they Debunked me using Einstein's Theory that has never been proven in over a 100 years or Century, proving Society is Totally Insane, they believe that just because they said it, it is so, the concept is that you cannot debunk a Fact using a Theory, but stupid people do not get that concept, and why Society is Insane, and not just a little, but Totally Insane, and you know if after reading all the Steps I have written, Sheeple say stupid things like I worship Light since that is all God is, all because they believe they have the Right to believe what they want, and that includes the Right to Debunk Facts with Theories, that is proof of Insanity, and that is a from a Scientific perspective, in a Society where Theory is allow to debunk Facts, you have no Facts, and only Theories that change all the time, whereas Facts never change, God is the Force of Gravity in all of Newton's Equations, what is hard to understand about that, God is All Light without Darkness found inside all Atoms, and our Earth has a Lot of Atoms, thus a Lot of Gravity, which is not caused by Centrifugal Force, and why all Societies today are Satanic, meaning they do not believe God is the Force of Gravity and not Centrifugal Forces, which does not even make sense, if that was true the Earth would have to be slowing down to account for a 5% decay rate per year, I mean Century, I caught it that time, although per year is what I predict it will turn out to be, the closer we get to 0, the faster the decay rate will increase all the way down to 0, what is the thinking, that the Earth is going to slow down to 0, then start turning the opposite direction, Laws of Physics does not allow that, but Theories do, and this was all out of Pages in the Torah written in the 3rd Century viewed on Microfiche as a child, so my view of Society is not what I see on this Planet at this time.

An Advanced Society I will call Trinary Society, based on Trinary Science, about the Trinary Universe, is based on the Torah, I will not limit it to the year it was written, or rewritten, and just talk about similarities in things not altered too far out of context, for example, God is All Light without Darkness, and the Torah stated do not make into God anything God is not, and that means you cannot redefine Light to mean Good, or one more Oh is God, and Darkness is Evil, that is what the Torah meant by not doing that, we all know what Light without Darkness is, we know for a fact that it is found inside all Atoms, so what makes more Cents, the Churches version of Reality, where all you People become all Ewe Sheeple, by taking the Mark of the Beast known as a Sheep like Ewe, I write that so much I should come out with an abbreviation...

How about Sheeple, so I repeat myself, a good joke never grows old and dies, but it does get old, and why Society never changes, so how do we Change into this Trinary Society, and the answer is simple, you have to prove what the Truth is, then base your concept of Reality, based on Facts and Not Theories, prove it, because “I do not care what yew believe, nor does the Universe, Know it, or No it Not”, those that prove the Truth I have told you, will Know it, those that believe they have the Right to believe what they want and push that belief as the Truth, should not be allowed in this new type of Society, name it what you want, the concept is simple, you have to prove everything you say is a fact, is a fact, and that means you have to research it, so look up in the Internet if God is All Light without Darkness, I wrote a book with 666 pages talking about in detail what it takes to create a Society based on the Truth, and that starts with the fact no one has any Rights, not the Right to believe what you want, because that means you have the right to believe in Lies, and then push those Lies as if they were Facts, so all jokes aside, the truth is not that hard to prove, if the way you define your reality is by redefining what Light & Darkness mean, what you have to ask yourself, is how do people get so insane, so you must stop and look at yourselves as individuals that need to add up to a Society, if you allow people to push their Beliefs off as Facts, you have no Facts, nor any real Reality, so an Advance Society, is based on Facts, and the first fact is you have no Rights, and that means you do not have the Right to believe what you want, and nothing will change until you enforce that.

Everyone in a Society must agree what Reality is, we cannot do that while believing we have a Right to believe what we want, Theory can never be allowed, Einstein had a Theory that God did not exist in his Alternate Universe in his Alternate Reality, he believe we each lived in our own Reality, because he believe we all had the Right to believe what we want, and push that belief on others as a fact, this way we can all have our own Alternate Reality, which is Insane, so start off by doing away with Theory, and Alternate versions of Reality, and things will start to change for the better, and make sure you verify all your facts are facts, just because some say that is a fact, does not mean it is, even if enough of us believe it to be a fact, only facts are a fact, if I say $(+1) + (-1) = 0$ then we must agree that is all our Realities, and that it is not $(+1) + (-1) = 1$ in one person's reality because they think the parenthesis $(+1) + (-1) = 1$ act like an Absolute Value which is $|+1| + |-1| = 2$, all because people want to believe they have the Right to believe what they want, so moving to how to overcome this one thought about your Rights to believe what you want, that sounds like a Dictatorship, and that is because that is how they define one, but if you want to teach anyone anything, you have to teach them that they have no Rights to believe what they want, and in fact will believe what they are taught are known facts that you and everyone else has proven to be facts, that way we can agree on Math so at least that Reality is the same, and if you want any Reality to be the same, all Realities must be the same. Society needs to be based on Truth, Logic, and Reasoning, otherwise, if I give you a problem like $(+1) + (-1) = ?$ I get only one answer, which is 0, not some answer that makes no sense to anyone but those who believe they have Rights, so our Science must be proven by using Facts, and not using Theories to explain those facts, that would make them Theories, and how they become facts.

An advance Society like Trinary Society, is based on Freedom, which means it is Free of Money & Taxation we know is Treason, and Free of Laws that were allowed to make fools believe Treason was Legal, and that the United States Constitution could be Amended to Allow Treason, and we must all agree that by using Money you are Guilty of Treason, just as you are for following Treasonous Laws, and why Money, Law, and Religion can never be allowed in Trinary Sanctuary, which is a place built to survive the Sky Falling and the End of Time, and it needs a Trinary Society, to ensure Freedom does not become Freedumb, the Cost of Freedom is the Money you worked for that was committing Treason at the same time, needs to stop, and never be allowed in at least one place on this Planet, it is a Pyramid, with engineered spaces, for all needs, from living quarters, to Entertainment, to work, and all the places you would like to go, and all Free, meaning no cost to you, and we all know that Freedom has a Cost, and that is the cost of building Trinary Sanctuary in Rings that allow others to live the way they want, while allowing a Trinary Society to build the internal structure that provides all the excess Power, Air, Water, Food, and Basic Supplies, to everyone in the Complex, that way Buying & Selling Souls will never be allowed again, Trinary Society is about building a reality where all our basic needs are Free, so we do not require them to survive, and it is not based on what you do to contribute to Trinary Society, no Trinary Society would allow such a concept to exist in their line of Reasoning with Logic, no one is ever left behind, we build no Prisons, and take no Prisoners, and why Trinary Society is about building Trinary Sanctuary, where everyone can survive the Sky Falling and End of Time, but if you think you can build Trinary Sanctuary for Money, all you are building is a Prison, and forcing everyone to Buy & Sell Electricity, better known as God, or our Soul since we are all Light Beings, so Freedom starts with Free.

If you computerize a system of Tasks required in Trinary Society, and list all the training required for each task, and make that training available to everyone, you will find there are some tasks no one wants to do, while other tasks everyone wants to do, so you must make it equal for all, so everyone gets a chance to do everything, and that way no one ever gets bored, we are Trinary Militia, meaning we work for Free, so that everything can be Free, and Free of Laws does not mean Anarchy, Militia are like Military, only they do not get paid, nor are we allowed to arm, or fight, they only protect what is theirs without interfering with other Rings, so maybe some of us will survive.

If you want Society to change, you have to believe you can change the World, and how to change it always starts and ends with the truth, and must be the whole truth in between, and nothing but the Truth, and if you swear to a Deity-God, you are swearing to Satan, on a Book of Lies, proving that every Society on this Planet is based on a Deity-God, and in fact does not have any Society that teaches God is All Light without Darkness found inside of Atoms, except for Trinary Science, and it teaches you that God is inside your Atoms, so God is your Soul, and our Magnetosphere is our Energy, and its Strength is strongest at its Core, which is a Trinary Engine, which is a very large version of a Trinary Atom, and follow all the same rules in physics, so when it comes to Trinary Science of Society, it is based on the Torah before the 4th Century, so

get someone to make it Public Domain, and then Society can begin to change, but unfortunately the Human race only has another Decade, my decades get shorter each year of my life, and after 6 decades and 160 years of Treason for no other Reason except Insanity, the belief in what is not Real, and in the Next Step which is 16, I will explain to you why that is known as a Hex
