

Step-21: Hope

The concept of Hope is that there is an Event you know with over 90% certainty it will happen, and the Hope is the 10% chance that event will not happen, so Hope is like Gambling, only if that Event is the Sky is Falling that has a 96% chance of happening, leaving only 4% for Hope, those that believe in Hope, will still pray for Hope, but when it comes to the End of Time, and the Torah, Newton and NASA said it has a 100% chance of Happening since it is in progress of Happening, making Hope have 0%, but this will not stop anyone that believes in Hope to change their mind, and the reason people will never change their mind is because they believe there is nothing wrong with the one they have, because Money Junkies love to Gamble the Odds, they will Gamble the Future of the Human Race on Hope, proving all those that believe in Hope deserve an Award, and not just any Award, but a Prestige's Award, so I hereby Present to those that have Hope the Human Race will Survive the End of Time by Denying it is going to Happen, the most esteem "Darwin Award".

Let me start off saying it is always a good thing to have Hope, and you should never give up on Hope, and I really do *believe* in Hope, but to Gamble the Human Existence on Hope, you have to agree that is insane knowing these odds, think about this Logically using Reasoning, everyone knows they have been building Underground Cities for years, and Hollywood has given many hints as to what is going on, proving that not all the Rich & Famous have sold U.S. out, but it sounds more dramatic to make it sound like they do, but Reality Check, 2012, Great Movie, and not far off, so there is some Hope for the Human Race, but they will have to learn how to Drive when the Sky is Falling, and understand that after the Atmosphere vents into Space, the ground will be frozen for 6-feet thick in 3-days, after that I have no idea how deep it will go, normally we have Oil to protect the Earth from Freezing, but thanks to Satan and Bad Science all in the name of Making Money, it was sold as False Fuel, knowing you cannot make it from dead bodies, or someone would be doing that, proving it not possible, it is used to keep the Planet alive, if it cracks it could go Nova, and there is 90% chance this will Happen, and why all those with Spacecraft are leaving Earth now, because they warned us, and we did not listen, nor will we ever again, because it is too late to do anything about it, and Satan knew this and did it on purpose believing they would be dead or too old to care, because Satan only cares about Destruction, and why only Satan has Wars, and the Military Dogs of War are Satan's to Command, always has been, only Satan Murders, and uses Money that Satan uses to Pay for those Murders, so have all the Hope you want, pray to the Deity-God that Grants Wishes, who cares you are all going to die for Satan's Sins, and the Torah told you this, so you already know.

There is a Fine line between Hope and Insanity, we can all hope that Meteorite does not impact Earth, what you have to keep in mind is Reality, this Near Earth Object or NEO, is on a collision course going way back, God knows we have a Pyramid that has a Weapon made of Gold, that could Shine a Light on it, and it would miss Earth, but Moses decided Money was a better use of that Gold, so Moses and his Followers Destroyed it, and made Money, Laws and Religion out of

that Sin, proving it all started with Sin, and only Sins were committed by Moses, much like Lincoln, both People Satan Worships because they Gave them Money, proving who Satan is and how Satan Works, the Torah told everyone who could read the Torah, all about the Church, and why they Murdered Witches and Wizards throughout time for telling this same story, and everyone knows this is the truth deep down inside, because God is inside their Atoms, and why I AM God, look into a Mirror and Say that, and know that is the only Truth you need to know about God, because you know that you physically exist and now know the Church is a Liar, and your only Hope is getting as far away from Green Pastures as possible.

The Torah said to Hope only for those things that can be changed, and know the things that cannot be changed, and accept those that cannot be changed, and there is Hope for changed for those willing, because God can only Help those that can Help themselves, and we should always have Hope in ourselves, because no one else will unless we do first, never focus on all the Sin when it is your time to come, regardless of what I tell you about God being Light, and Electricity making Light, and your Brainwaves being Electrical like Electricity, and why a Defibrillator works, by putting Electricity back into your Body, because we all know the Laws about Electricity, so it is very easy to figure out how we have thoughts, how I can write those thoughts using a computer and monitor, that runs on dead Souls, but that is the Reality of the Torah, and all we can do is Hope more people can read this and understand it in time to do something about it, and that means you the reader must over come your fear of the Government you know will come and take you away, so for what it is worth, the Sound of Truth begins with admitting we are all guilty of Treason and taking the Mark of the Beast known as a Sheep like Ewe, we have to admit that since everyone is guilty proves that a trial would be insane, so if you have any Hope at Surviving either Event, you must make a Contract with the Federal Reserve, for Land, Equipment, and supplies to get started, as well as the Right to Govern that Land and People on it, and in exchange, Trinary Sanctuary will build a new City by constructing a central Pyramid known as the Center Ring, this is where Trinary Sanctuary exist, and only Trinary Militia work, and live, they build outer Rings, that all link together in a way that Trinary Sanctuary can provide all the Energy, Air, Water, Food, and other Supplies in the Future as payment on the Worlds National Debt.

Hope can only get you so far, actions have to take you the rest of the way there, and Logic without Reason is not Intelligent, so think about that Reason before you apply Logic to it, and know the consequences, and do not allow % to take away your Hope, your last breath should be in Hope of the next, so think about all the actions required of you to survive the coming time and decide if you want to or not, but do not make that decision for everyone you know, and everyone they know, that chain never ends, so by saying nothing to no one, you take any Hope they will ever have away without them even missing it, and you will have those that heard it from someone that heard it from another and soon you have a lot of people pissed off because no one told the whole story, everyone wants the 3-minute version, well this is not that kind of story, nor is History or His-Story, it took thousands of Years for those Jewish Bankers to pull off the

biggest heist in History without anyone knowing it, and the Sheep will want revenge on those Lawyers, Bankers, Politicians, Police Pigs, Military Dogs and the list of Treason goes on and on, so if you want to tell this story to anyone you know, read it using this script so you do not forget the part about them having their finger on Nuclear Weapons, so never Protest, Riot, even blame those in Charge, we are way past that now, 160-years past it, so do not ever go there, what would be the point in even writing them a letter, or telling them you know what they did Last Summer, this is not a Game you want to play, and it is not necessary, the Federal Reserve loves to make Contracts and this one is one they would love to make, it gives them another chance of Surviving this, and they want to survive it as much as anyone, so have a Plan, do not ask for Money, Laws, or Religion, figure out what you need to make this happen, which at this point involves the whole World being behind an Effort to save most of them, we cannot save all of them no matter how hard we try due to time not being on our side.

People need to prove everything they believe to be true, and never take anyone's word for it, not even mine, I have been diagnosed as being Schizoffective, but I am only Schizophrenic in my Dreams, otherwise, I understand my Reality better than most understand theirs, but the truth is only what you the Reader can prove is the Truth, and do not go by the Internet or Voting on the right answer, if you want to prove what I told you is the Truth, FOIA the United States Government and ask them for information about me, Jeffrey Scott Flesher, born 14 January 1961 in Corona, and decide if I sound like someone that would or could make any of this up, because I am pretty sure that is not possible, since the Torah written in any Century is proof of this, and all Bibles are based on that Torah, so proving what I said is the truth turns out to be easy.

The last person to know they are crazy is the person who is crazy, so what is crazy is a question few understand because they are crazy, and the truth about being Crazy is that if you believe in anything that is not true, you are Technically Crazy, but Legally you are Insane, so if you believe God does not physically exist, you are believing in something that does not Exist, and that is Legally Insane, and why People want you to believe you have a Right to believe what you want, yet no such Right exists, proof is anyone in Prison, so why do People Lie about having a Right to believe what they want knowing that is why all those people are in Prison, proving only Satan would tell you they have a Right to believe what you want knowing this, and you are just as Crazy for believing your Constitution was Amended to Allow Treason, you know you are Past Crazy, Past Insane, you are Guilty of Treason and can be Executed for that Crime, that is a fact by the way, if the Military Dogs were doing their Job, you would already be Dead, but they would have to Execute everyone and that would be Crazy, but not as Crazy as Treason.

Considering we have a Meteorite on the way, and the End of Time 6 years after that, we need to get past all the Treason, Blame, and anything tied to it, and just worry about what is more important, which at this point is surviving those two events, and when making a Contract with the Federal Reserve, make sure you understand the deal you are making with them, and never go

back on your word like Congress did, do not get tied to quota's, you have to make clear only excess can be part of the deal, or you will be force labor required to keep up with demands, you make it a practice to produce as much as you can to meet the needs of everyone, but that is not always possible, so do not make any deals that make demands, they are welcome to monitor our progress, and make suggestions, the goal is to work together, and not focus on a complicated contract, short and simple and to the point, then make sure you can go far beyond what they could have ever imagined, and build them a Future everyone will enjoy, we do not get involved in their Ring, and it is up to Trinary Militia to make sure no one gets involved in their Ring, and you never want Paid People working inside that Ring, they go on strike and people die, they want more Money, more Benefits, and Trinary Sanctuary does not operate like that, everyone has to get what they require for Free, and that is not as hard nor as easy as it might sound, for those working inside the Center Ring or Trinary Sanctuary, you have jobs you get to pick based on how well you believe you can do at them, and just go to work and have a normal life without ever thinking about Money, they get no pay check, have nothing they need they cannot build if they really wanted it, so nothing to buy, they do not interact with the outer Rings that use Money, and one reason is Social Distancing for Health Reason, Trinary Sanctuary is not into Vaccines, so for Health reason we do not want to interact at all with them, and do not need to, keep in mind our Goal is build this facility in time to survive these Life Ending Events, and start a new Society for the Future at the same time, and Rings allow many different types of Societies to exist, but you want Trinary Sanctuary to be in charge of Energy, Air, Water, Food, and basic supplies, to ensure that Money is not involved in their Manufacturing, we supply them to the Rings, and never get into any disputes with any of them, we do not bargain, we do our best to meet their needs and that is all we can do, and can be expected to do, if any of us are to survive, we have to make sure we can survive together for the long term, so all deals are forever, no negotiating down the line, no Altering Deals, if it becomes a problem that Trinary Sanctuary cannot keep up with Production to supply a larger demand for Supplies, the Rings must supply those People, and they become Trinary Militia Members, they are the Hope of the Human Race.

Trinary Militia are unarmed, as is the Center Ring, and the first 3 Rings are unarmed, only the outer Rings are Armed, they are always the Military, and the only ones allowed to take arms, we try not to have Armed Police since no one in the Ring can be Armed, so there is no reason to have Armed Guards, if there is, the Military will handle it, if you want to put Hope in a new Future, make the Military responsible for ensuring everyone's Freedom, while at the same time they can have their form of Government, their Ring.

All Rings will get Free Energy, Air, Water, Food, and basic Supplies, they can use Money for other things, but no one will be allowed to live in poverty, this is what Trinary Sanctuary is all about, ensuring that Suffering is not allowed, and no Buying & Selling Souls Allowed, and if you think about this system, you know it will work, the Federal Reserve gets to make a Contract it will know will be a good investment in their Future on the Surface of this Planet, and I believe Governments will come around, I hope they will, and I hope people will wake up and stop being

Satanic, but I know that in the Short Term there is no solutions, but in the Long Term, there is only one solution, every Society needs its Ring, never getting involved in other Rings affairs, make sure they are all getting their fair share so no one is complaining.

If you want Hope for the Human Race to Survive the Sky Falling in 2027, to the End of Time in 2033, that is 6 to 12 years away, and not much time, and all because no one will tell anyone about my Books or Videos on YouTube Light-Wizard Channel, all because they are Satanic, and do not like being told that, their Reality is not Real, they believe in Einstein and think they can use his Denounced Theories to Debunk me, which proves they are Insane, and why they do not tell anyone else, because then they would confirm it, Satan will never change, and Satan just means a Liar that tells Lies that can get someone Killed, like Space Travel to other Planets, just to make Money, after 2033 there will be no Satellites, so try launching new ones from on top of Mount Everest, and see how that goes, Space travel is over in 12-Years, and time will tell if I am right or wrong, as far as the Torah, Kepler, Newton, Tesla, and NASA, I am sure they are right.

Those that want to believe these events will not happen, are living in an Alternate Reality, and why they believe in the Retarded Science of Einstein, or they Sold their Soul to Satan by taking the Mark of the Beast known as Sheep like Ewe, which is right out of the Torah, telling people that those who Buy & Sell Souls are Satanic, all you have to do is connect the dots, maybe Psalms 23 will help refresh your Memories about Gay Pedophile Green Pastures, who want to take your Soul at the End of Time, for those who never read the Torah or the Bible, and their only Knowledge of them is Hollywood Movies, who never warned any Religious Person that they were taking the Mark of the Beast known as a Sheep like Ewe, proving they are not Talking about it, much like they do not talk about U.S. being a Franchise to the Federal Reserve being Treason, so Hollywood knows who is paying them to make movies, and why everyone Lies about what the Mark of the Beast even is, as if they did not know, proving not telling you the truth is the same as lying about it, and why most people do not believe this will happen, proving they live in an Alternate Reality where God does not exist, and why the Human Race goes Extinct in 12-Years, and all of you know this is the truth, or you would not have read Steps 0-20, waiting for the next one, because I know you know this is the truth, and you do not know what to do about it, and not sure how your Family or Friends would handle this news, well I wonder how they handle looking outside in 2027 to see a Meteorite on its way to impact the Earth, see how they handle that news, even if they survive that because Bruce Willis got Elon Musk to send him to the Meteorite before it gets here, how do you think they will handle learning that after surviving the Sky Falling, they now have to watch the count down till our North Magnetic North hits 0 or the Equator to find out if the Torah, Kepler, Newton, Galileo, Franklin, Tesla and myself in the Flesh was right about the Magnetosphere decaying to 0 and our Atmosphere Venting into Space, in an event known as the End of Time, think about if we are right, and if I am wrong I will not try to blame anyone else, this all comes down on me, because I am the only one talking about it, if I am wrong and nothing happens, that proves the Torah was wrong, we know Newton was right about the End of Time happening in 2060 now 2061, your choice.

I must point out that Hope is not a Plan, you must have Hope in your Plan, but do not make Hope part of your Plan, remember that we all Hope the Meteorite will not Impact Earth, but we build like it will, we all Hope the Atmosphere will not Vent into Space when the North Magnetic Pole gets to the Equator and our decay rate of 5% a century hits 0, but we build like it will, otherwise, Hope is all you have, I never asked anyone to believe that I could be Jesus Bar Abbas coming back in the Flesh, but if I AM not, where is he is a question we all know there is no Hope for that Answer, many False Prophets just to Profit, and why I make all my Books Free at GitHub, I do not write them for Profit, nor ever claim to being a Prophet, Jesus Bar Abbas was not a Prophet, but the Leader of the Militia, and that is all I am, I am anything but Normal, and do not want to Gamble on the Human Race with False Hope in Digging your own Graves, that is not a plan, more like Suicide according to the Torah, and I would believe it over Laws that make Treason Legal, so be careful who you Pray to, and do not let a Deity-God be confused as God, you cannot remove the Deity part and expect People to believe God does not Exist, so you can believe whatever you want about Jesus Bar Abbas, all I claim to be is the Light Wizzard in the Flesh.
