

Step-07: Sins

The Torah defines a Sin as something we should never do, not something we can ask forgiveness for after doing it, just so we can justify continuing to Sin, that was the Torah written after the 4th Century, when they inserted Jesus Christ into that Torah, making it the Book of Sins, and we all know about the 7 Deadly Sins, and that is not my topic, but more of a statement as to what most of us believe are Sins, but the Torah said anything Evil is a Sin, and said Money is the Root of All Evil, and adding only the Love of Money to Evil does not make it less Evil since the lesser of two Evils is still Evil, and anything you cannot Live without is Evil, meaning if you cannot Buy Food or Water you will die, and that is the Evil the Torah is Talking about, and that Evil is a Sin, and that Sin cannot be forgiven since Satan cannot ask for Forgiveness, only Sinners, but not those taking the Mark of the Beast known as a Sheep like Ewe, this Sin is not Forgivable, yet Psalms 23 clearly points out that only People who knowingly Follow a Shepard into Green Pastures, proving you have to take the Mark of the Beast known as a Sheep like Ewe, it is very easy to understand, you can ask anyone that is Religious if they are a Sheep, and if you refresh their Memory, they will acknowledge they are a Sheep and Proud of it, but Satan has another Trick known as Buying & Selling Souls, and we all know what a Soul is, or do we?

We all have to agree that the Trinary Universe is about Science that anyone can prove is Real Science, and why I call it Trinary Science, that and because Trinity Science sounds like Religion, and I wanted to remove Religion from Science, but not God, only a Deity God, and we all know they do not Physically Exist, and since the Science the Church endorses is Einstein's denounced Theory, the proof that is was denounce is the fact we only use the Math of Sir Isaac Newton, and that is based on God being the Force of Gravity, but not in Einstein's Alternate Universe in an Alternate Reality, which should have been your first clue this has nothing to do with our Universe, unless you believe you live in one, and where Real Science comes in, so let me first say that if you were taught that Gravity is caused by Centrifugal Force, and that our Magnetosphere is generated by the Iron in the Earth, you were taught a Theory never proven in over a Century, so if it was true, someone would have proven it by now, but since we know from NASA after over a Century study of our Magnetosphere, it has a Constant rate of Decay of 5% a Century, proving Sir Isaac Newton was right, and our Earth shows no signs of slowing down, which would be the case if Einstein's Theory was right, and that is why he denounced it, just to get Nikola Tesla to stop Laughing at him for saying $E = MC^2$, Tesla said that only retarded people would believe such none sense, C is the Constant for the Light he removed by removing God who is All Light, and since Light without Darkness is found inside all the Atoms in the Universe, I will call them Trinary Atoms, meaning they have 3 Logical State Changes, and we will use Newtons math which is $E = MA^2$, and admit that we are made of Atoms that have Light without Darkness inside them, and the Torah or any Bible said God is All Light without Darkness, proving the word God and Light without Darkness mean the same thing, and are interchangeable terms, and God is much easier to say and write, proving everyone on this Planet is Buying & Selling Souls, by Buying & Selling Electricity by the Kilowatt, we all know is used to make Light, and since God is All Light, and we know the Darkness is what Sir Isaac Newton

proved was the Rainbow of Colors found in the White Light of the Sun, meaning the Darkness is all we can see, opposite of most Satanic People, or should I just say Sheeple, which means the same thing, as in Sir Isaac Newton's time, as in mine, Satan is defined in any Torah or Bible, as being someone who tells Half-Truths, as we know the half that is true is a lie, so when it comes to Trinary Science in the Trinary Universe, Trinary means God, or All Light, I did not take God out of the Universe, I just did not want to use the word spelled Trinity due to Religion, as such, Satan is a person who Lies to Deceive you into taking the Mark of the Beast known as a Sheep like Ewe, and why I call Satanic People, Sheeple, it is Trinary Science.

In Trinary Science the Torah is talking about Alchemy, meaning Chemistry and Science, and God and Satan are not Spirits that do not physically exist, that is called insanity, the belief in things that do not exist, proving Religion is just Legalized Insanity, and why they must make all of you believe you have a Right to believe whatever you want, which we all know is a lie or Prisons would not be full of people who bought into that lie, seriously, how many IQ points does it take to figure out that Treason cannot be made Legal, not ever, proving the Constitution could never be Amended to Allow Treason, proving all Laws are Treasonous, therefore not Legal, but if you are Insane, you will not understand this, and why it is Legal, and the World I live in, which is totally Satanic, and people that go to Church believe they are the Good People, knowing they do not even believe God Physically Exist and their Science wants to prove God does not Exist, all because you believe you have Rights, like the Right to Commit Treason, proving Rights are Sin.

If you allow any Theory into your Science, you allow Lies, after a Century of Lies, you have a Sin, and that Sin can never be forgiven, that is the Deity God that Religious Sheep call God, knowing it is not the God that is All Light since we all know that Physically Exist, proving that everyone should have enough IQ points to figure that out, but since they believe you have the Right to believe what you want, we all know that means Lies, and why only Facts are allowed in Trinary Science, used to explain the Trinary Universe.

They say there are two ways to be fooled, one is to believe what is not true, the other is to refuse to believe what is, Viggo the Dragon Hunter, and a Lie is a Sin, and only Sinners Lie, but only Satan Lies to Deceive you, White Lies are meant to harm no one, but Religion is designed to get you to believe in Money instead of God, and why they engrave "In God We Trust" on it, and since we all know it is Treason in the United States to allow anyone but Congress to Print Money, it is clear everyone knows they are Committing Treason by using Money and Following Treasonous Orders and Laws, making you complicit with the Crime, that is the Worse of all Crimes ever Committed, but not for American's, they call this Freedumb, those that Follow the Shepard that you know is now out of the Closet, meaning they now not only allow, but admit to being Gay Pedophiles, and the reason they want you to take the Mark of the Beast known as a Sheep like Ewe, is so they can Legally Alter Boys since there is no Laws making Sex with Sheep

illegal, immoral maybe, but not Laws forbidding it, so they get paid to Alter Boys by just having to Alter the Torah, and get all of you to believe you have the right to believe what you want, because if you do not want to believe in the Truth, you are a Fool, and it is a Sin to be a Fool.

The Biggest Sin in the Torah written in any Century, or any Bible, Quran, or what every you read that is based on the Torah after the 4th Century, is the Buying & Selling of Souls, and trust me, I only Joke about being Jesus Bar Abbas coming back in my Flesh, just because I was born at the exact Time, Date, Place, Mother Mary, Legal name of Flesh, just a coincidence I am telling the same story, hence the Joke part, I want you the reader to think about this for just a moment, just the facts, God is All Light without Darkness, it takes Electricity to make Light, make the connection, All Light, Darkness is the Rainbow of Colors we see in the White Light of the Sun, any connections yet, if there was, you can see my amazement that no one else made this connection in two thousand years, it was like if I told you that I And Me is all that IAM, and IAM God, look into a mirror and say that, all your Atoms are made of All Light without Darkness.

Funny story, on YouTube I made a video saying this, and someone Translated this into Hebrew, and said that I was using a Trick in how they Translated Hebrew into English, now think about this, if the Hebrew Translation is not the same as the English Translation, then it is not a Translation at all, you are comparing two different concepts, but having an IQ over 180, I just love to tell people how retarded they are, especially Einstein who is Legally retarded to me since he has an IQ over 20 points lower, so why do people Lie, to deceive, proving they are Satan, or Satanic, and that has no Demon or Religion attached to it, a Liar by any other name still thinks they smell like a Rose, but really they are just the Thorn Jesus was forced to ware around his Head, when the Church that is still in Power put it there, and all of you paid for that Crime, and are still committing it to this day, considering everyone uses Money to Buy & Sell Electricity by the Kilowatt, knowing God is All Light, and the Electricity is for Light, do you have enough IQ points to make the Connection?

If you believe you have the Right to believe what you want, that means I have the same Right, so what does that Right give us?

The Right to believe in Lies, and push those Lies as the Truth, and that is what Religion is all about, and how it is accomplished, making you believe this is a Legal Right, knowing all Laws are Treasonous if any Law allows Treason, proves they are all Treasonous Laws, and by Following them, you are an accomplice to that Crime, back to how many IQ points you need, I guess, 50 is retarded, and 70 is normal, and mine is over 180 because they do not have a test that can test it since that would have to be written by someone with over 190, and they do not exist or we would have that test, and some will claim we do, proving they are retarded or a Liar and both

mean the same thing, and are interchangeable, much like Religious and Sheeple, nothing but Sinners who Pray to Money and not to God, Oh God won't you buy me a...

All Jokes aside about IQ Points, maybe this is an Aspie thing, but I seriously never understood why People believe in Religion knowing you have to take the Mark of the Beast known as Ewe, to do so, seriously, why is it People Buy & Sell Souls by the Kilowatt, knowing God is All Light, and our Brainwave is Electricity and it takes Electricity to make Light, I do not get it, nor do I understand how anyone can believe they are believing in God by believing God does not Physically Exist, knowing Mainstream Religion and Science of Einstein proves God does not exist, so why do Religious People believe God does not Physically Exist, or God does not Exist, knowing that is Insane, the belief in things that are not the truth or do not exist, keep in mind this is a rhetorical question, so never try to explain it to me, I have been married long enough to understand it, to my wife it is my Light, to her she says it is God, and I cannot convince her that her Deity-God does not exist, and that is insane, and I Love my Wife, do not get me wrong, it is this impasse in Logic and Reasoning, believing that God does not Physically Exist, is the same as believing that God does not Exist, I find myself responding to questions like this, I say God is All Light without Darkness, then I have to listen to how they redefine Light as being Good, and Darkness as being Evil, and since she believes she has the Right to believe what she wants, there is no changing her mind, Like Lisa on Green Acres, a 2 and a 3 makes what...

I have learned a happy wife is a happy life, so I stopped trying to explain this to her years ago, and now we get along better, and for better or worse is why we married, and why I have come to the Conclusion that when we are born we look at Light as being Static, or we look at Light being Dynamic, an example of this is simple, I have a flashlight in one hand, with my finger on the trigger, when I push the Button what happens to the Light to make it move, is it A: Light is Dynamic and shot out of the Flashlight moving at the Speed of Light, or B: Light is Static, Light does not move, and the Universe is Dynamic, and moves away from the Light at what we call the Speed of Light, and you are either an A or B type, and once you see it either way, you can never change your concept of how you see Light Moving, but when I tell you the facts about Light not having any Acceleration, and that only things with Acceleration are moving, that only confuses you, just like believing God does not exist means you believe God does exist, that confuses me, there is only one explanation to why "Light has No Acceleration", is simple, I push the button on the Flashlight, and that Photon of Light Stops, and as the Universe moves away from us, the one holding the Flashlight that is actually the only thing moving, we perceive it as moving, but it is impossible for anyone to perceive if it was the Light moving or us, but Logically we know we are moving, and we know that Light has no Acceleration and therefore cannot be moving unless it defies the Laws of Physics, so which one of these choices is right based on Logic: A or B, and that is not really a question we need to debate, we just need to accept the fact we are the either the type A that view Light as Dynamic, or the type B who view Light as being Static, an example I like using is Fishing in a lake, the Fish is moving, therefore when it grabs my hook it will be dragging it with them, so if we view the Fish is the Light, when I cast my line and the fish takes it an heads out into away from us, we see the Line coming out and it looks like it is being pulled

out of the real, and if we are B type of person, we believe the Light is Dynamic, but those like Newton, Tesla and myself, believe the Fish is Static, so the Fish is just in the Lake not moving, and the Lake moves around the Fish, so from the viewpoint of the Fish it is just sitting still and the World is Revolving around it, so when I throw my line out and the Fish gets Hooked, as the Universe moves away, the Fish cannot move, so from its viewpoint the line is attached to it, but since it is not moving, and whoever caught the Fish is, from their viewpoint both events look the same as long as the Fish is moving away from us, making those A type personalities who believe Light is Dynamic and therefore the Fish is Dynamic and can swim in any direction it wants, all because they have the Right to believe what they want of course, because once that Fish decides it is easier to turn around and go the other directions, those A type people say that the Fish is Dynamic and so is the Universe, that is what Einstein said after all, so those A type people never change their Mind, how could Einstein be wrong, he has an IQ of 160, by the 3rd Grade mine was 180, so by Kindergarten I was as intelligent as Einstein was as an Adult, but did I need to be to understand this simple concept, Reality, once we push the button on the Flashlight, we cannot control the movement of it by moving the Flashlight, it is like a squirt gun, and just spitting out Light, so it does not act like a Dynamic Fish at all, it cannot move is very clear from this point of view, and why the Fish has no Acceleration, like Light, it stops the moment it becomes Light, so it is the Fish that is Static, it can only be Static, as you move the Fishing Pole or Flashlight, you are moving that direction and not the Fish, since it is Static, it is not moving, but if you move the Pole or Flashlight, the Fish or Light follows that Path, proving it is not Dynamic, and why it has no Acceleration, the Fish like the Light was always there and never moved, it was only that you hooked it, or caused it to become Light, as you move, you cause the line or Light to follow your path, not hard to understand and prove that B is the correct viewpoint, but A type people never change, they think this means they turn on the Light, and Photons of Light are shot out like a Gun, if that was true it would be Lethal, and could be used as a Rocket in outer Space, so Reality Check, no acceleration always means it is not moving, so Logic and Reasoning must kick in or your view of the Trinary Universe will be backwards, meaning a Lie, and that is a Sin, as is making into God anything God is not, or that God can never be, and that is a Dynamic Fish or Light, and maybe this analogy is a bit hard to understand, my Wife still does not get it, but I still Love her, and I am a Military Dog, so I have to protect Ewe.

We all have to own up to the Truth, the Torah said at the End of Time Jesus would come back as the Flesh, just because I was born at the exact Time, which is 6:32 PM Pacific Standard Time, Date is on 14 January 1961, Place is Corona, Mother is Mary, and my Legal name is Flesh, does not really mean anything, coincidences do happen, from time to time, but think about what Jesus would find, and we all know everyone Buys & Sells Souls and our whole Society is based on that fact, we all know what Jesus Bar Abbas would have done, but I am not Jesus, nor do I claim to be, I am not a Pacifist nor a Rebel, ask for Trinary Sanctuary till you get it, or just build it and see if anyone shows up to help, it is time to move to a safer place to live, you cannot fix Stupid, there is no redeeming your Soul at the End of Time after Buying & Selling Souls all your Life, that was the Deity God that Grants Wishes like Forgiveness of all your Sins, not the God who is All Light without Darkness, that God is Absolute, never get Justice, it is an Eye for an Eye

Mentality of all the Blind Sheep that lost their way, never Protest, never Riot, never Pillage, never Plunder, because God that is All Light is not like a Deity God you pay for Forgiveness by putting something into the Money Pray Tray, never asking why God needs Money, and believing you do, proves ewe are a Type A personality, ewe believe the Light and Universe can both be Dynamic, obviously ewe have never Fished, or played with a Flashlight much, and if you do not believe your Soul is Light, you will not miss it when your Lights go out, so ask yourself how you want to go out when the Sky is Falling in 2027, and the End of Time is near in 2033, and think about all your Sin, as I will think about mine, I am a Sinner, but I do not Deny God Exists as the Light inside of my Atoms, IAM the Light, IAM the Darkness, and in the next Step which is 8, you will have all Eternity to think about that.
