

Step-01: Trinary

The word Trinary means 3 Logical State Changes, it is based on the Trinary Math Equation:

$$(+1) + (-1) = 0$$

Trinary Math is based on 3 Dimensional model of the $(+1) + (-1) = 0$, it is graphed by putting the Positive 1 on the top line, and Negative 1 on the bottom line, with 0 in the middle where they are equal, we will then record the 3 Logical State Changes seen under an Electron Microscope as an Atom, the Positive half of the graph is in all 3 Dimensions, therefore it has Width, Depth, and Height, it looks Solid, when it transitions into the Negative half of the graph, it is only in 1 or 2 dimensions, as such, it looks Semisolid, when it transitions into the 0 State Change, it has no dimensions, the Neutrino Particles the Atoms are made of contain Light without Darkness, where the Darkness is the Rainbow of Colors found in White Light as seen through a 3 sided Prism, and note that Black & White nor any shade of Grey is found in the Rainbow of Colors, therefore is not a Color, but an Input to the Prism known as the White Light, and we can plot out all the changes and see that it takes on the shape of a Sine waveform, if we plot out time, also known as Frequency & Wavelength, and note that this is how Electricity looks on an Oscilloscope, as does our Brainwaves since that is our Energy, we are Light Beings, and at birth when an egg & sperm come together a *Spark of our Life* or Soul is born, proving the Trinary Math $(+1) + (-1) = 0$ is our Soul, so this is the Math of all Lifeforms on this Planet, and in the Trinary Universe, and when any word is prefixed with Trinary, it means it is based on Trinary Math.

```
(+1)  -*-----*-----*-----
      0   ---*---*---*---*---*---*
      (-1) -----*-----*-----*
```

The only way to understand Trinary Science is to understand Trinary Math, it is both a Truth Table and the Truth about the Trinary Universe, once we understand the connection with 3, 6, and 9, we can start to understand why there are 3 types of Atoms: Proton, Neutron, and Electron, and only the Electron has Darkness in it, and that Darkness is all Humans can see with their naked eye, meaning without Night Vision Goggles, you can see the Light has 3 States: Light without Darkness, Darkness without Light, and a combination of both, which is only found in the Electron, so we can apply what we know about Trinary Math, and know when the Electron is Positive it is Solid, so we can see its outer shell made of Neutrinos, but when it passes through Ground, or the 0 Dimension of Space, where Space does not exist since it has no Dimensions for the Neutrinos, which are full of Light, as such, when its Neutrino shell collapse in this Dimensionless Null Void Space, we can see the Light inside the Electron, and we know if that Atom was a Proton or Neutron, we could only see the Light without Darkness, and since we only see the Darkness, the Atom looks Invisible, hence the Holy Ghost Spirit of Mother Nature.

The concept of Trinary Light, is that we can only see the Darkness inside the Electron, when it is in the 0 Dimension, so we know the higher the frequency the waveform is, the shorter the distance is between state changes, till it is in the 0 dimension so much it will appear as Light, its Frequency will determine its Color, therefore, Trinary Light means the 3 Logical State Changes in the Electron since it is the only Atom we can see Darkness in, and why we call it the Light is confusing to me at times, when I know for a fact we can only see Darkness and call it Light, that is confusing, so I will refer to Light as what we see as well as what we cannot see, but you must also understand most people define the Darkness as what you cannot see, when it fact, it is all you can see, and why current Science makes no sense, and when it comes to learning the Truth about Science, you have to overcome all the misconceptions about Science, and since Light has a North or Negative side, and a South or Positive side, it is clear that current Science teaches the North Magnetic Pole, is called North, knowing we just proved it was actually the South Pole, proving you are better off not trying to use what I will call Mainstream Science, because it is 180 degrees off in terms of Reality since we know Light cannot move since it is in the 0 Dimension of Space, therefore it is Static, which is 180 degrees from being Dynamic, which Mainstream Science teaches Light is Dynamic and the Universe is Dynamic, which is just silly since if they both moved, how could you tell what is static, but they believe in Alternate Universes in Alternate Realities, and in one of them the Universe was Static and Light was Dynamic, therefore we know for a fact that we do not live in an Alternate Universe in an Alternate Reality since we know for a fact that in our Universe "Light has No Acceleration" therefore could never be Dynamic since that is 180 degrees the opposite of Static, also Mainstream teaches God does not Physically Exist, and in their Science they teach they took God out of the Universe, so God does not Exist in any Alternate Universe in any of their Alternate Realities, and since the Torah defined God as All Light without Darkness, also known as Trinity or Trinary Light, and we know you cannot have Darkness without the Light, without Light without the Darkness, so basically Mainstream Science teaches you that nothing exist in their Universe since Atoms are made of Neutrinos with Light without Darkness inside them, and without the Light without Darkness, you would only have Neutrino Particles, but no Atoms, and that is 180 Degrees opposite of Trinary Science, where Light without Darkness exist inside all the Atoms that also exist, proving Mainstream Science teaches you that you do not exist, nor does your Universe, and Trinary Science is about teaching you that everything exist because the Light without Darkness exists inside Atoms, proving that everything is Light, as such, Trinary Light is what we see as well as what we cannot see, whereas Mainstream Science teaches you Light does not exist, just to get you to believe that God does not exist, but in Science we know Light without Darkness exists, therefore Atoms exists, therefore we exists, therefore Alternate Realities exist.

Trinary Science is about Teaching only what you can prove to yourself, and not about what I want to tell you it is, but rather I will explain it without a Theory, which is not a way of explaining a fact since it would then be a Theory which means it have never been proven before, Trinary Science means it has been proven before, only not by you till you verify that I am in fact

telling you the truth, and not trying to fool you the way Mainstream does, just so you would not figure out your Reality, and believe you live in an Alternate Reality, one where your Soul is not Light you know takes Electricity to make, proving they only want you to believe you do not have a Soul, just to get you to Buy & Sell Electricity, you know for a fact is used to make Light, and since it is the same as our Brainwave, we know that is us when we were alive, so we are Buying & Selling Souls, and the Torah told you only People known as Satan that tells only Half-Truths, the true part being the Lie, just to get you to take the Mark of the Beast known as a Sheep like Ewe who follow Shepherds into Green Pastures, and since God is All Light without Darkness, you are Buying & Selling God by the Kilowatt, proving Trinary means the Truth, whereas Mainstream means Satanic Liars, and this is the Trinary Science of Light without Darkness.

Trinary is about everything since everything is Trinary since Trinary Atoms make everything out of Light & Darkness, we start to see a new Universe, a Trinary Universe, where Light & Darkness both exist, and we understand that Mainstream is about Religion, and getting People to become Sheep by Taking the Mark of the Beast known as a Sheep like Ewe, by getting you to Buy & Sell Souls and God, Mainstream has sold your Soul to Satan, and in Trinary Science Satan is a known Scientific Principle that means to not tell the truth about something, and to get anyone to Lie they have to Teach you how to be a Liar, the Science of being a Liar is simple, first you get someone to believe everyone has the Right to believe what they Want, if you believe that, you are a Liar since that is a Lie or Prisons would not be full of people who believed that, and you may believe you have the right to believe what you want so much you will want to argue this point, that anyone has any Right to believe what they want, if it is a Legal Law tell me where it comes from, not the Constitution of the United States since that was abolished in 1861 when Lincoln took out a loan using it as collateral, and was Legally Executed for Treason for allowing anyone but Congress to Print Money, and then there Military made them Outlaws in the Country they Founded on the Principles of Freedom, and in 1933 when Congress was dissolved because they could not make the First Payment after Voting themselves raises, they Executed Executive Order 6102 Stealing all the Gold, Silver and other valuables from all its Citizens in an Act known as Treason, so we know that no one in the United States has any Rights since Legally Treason cannot be made Legal, nor a Constitution Amended to Allow Treason, it is clear no American's have any Rights, but there is no Legal Right to believe what you want, only a Liar would believe such a lie, and why is clear, to deny Light without Darkness exist for Freedumb.

Science is only what you can prove to yourself is the truth, and once that Knowledge includes Trinary Science, the truth about Mainstream is revealed as a series of Lies all revolving around Light without Darkness, and it does not matter what you call it, God is shorter than having to say Light without Darkness all the time, a lot easier to write it as well, so why do People Lie about their Reality, is a question that is clear to anyone, they do not care, they do not care they are committing Treason by using Money not Printed by Congress if they live in the United States, but regardless of that, the Torah said only Satan would Buy & Sell Souls, and that is really what Trinary Science is all about since Trinary means the 3 Logical State Changes in Atoms, and all

Atoms have Light without Darkness inside them, this is the Science of God since that is all Light without Darkness, and why Mainstream lies about it, and why most do not know about Science, and those living in the United States like myself, a Medically Retired United States Air Force Staff Sergeant that knows the truth about the Fake Government I work for, no delusions, Treason is the worst Crime anyone can commit, yet the whole Country believes they can get away with it, proving that it is normal to be insane with an extremely low IQ, the U.S. is a Criminal Syndicate.

The Science of Trinary starts when you the reader are challenged to prove to yourself what I call Trinary Science is the Science of the Torah, that starts by answering a few questions as we go along, so answer them honestly, do research if unsure, but prove what is the Truth, and what is a Lie, the Torah is not about Religion, the Church is about Religion, the Torah states God is All Light without Darkness, without having to redefine what Light or Darkness mean, we must look at the Science of God, we know if we look at any Atom, we find the number 3, and now we know everything Trinary comes in 3, the Atom has a Proton, Neutron and Electron, and if we look at them under an Electron Microscope, we know we can only look at the Proton and Neutron, and we know they have only Light without Darkness inside them, so we cannot see that with our Naked Eye, so we know it has 3 Logical State Changes in these two types of Atoms, now the Electron we know has Light & Darkness in it, and we know we can only see the Darkness in the Light, so we know the Light without the Darkness can exist by them self, but the Darkness without the Light exist, but without the Light, we cannot prove it, so it is like a Theory, and I do not like to use a Theory, Einstein got into this debate with Tesla through a reporter, it started off by the Reporter asking Tesla what he thought of Einstein's Theory, Tesla said we are all Light Beings, and the Light is Everything, because everything is made of Light, and Einstein, like his Lover Plank, ignores Light, yet use it in Equations making you believe it is based on Light existing, when they Math Formulas prove they do not ever take Light into Consideration, and how could they, they removed God thus Light, well the Reporter thought, I have a Pulitzer Prize Articles here is I do this right, so he goes to Einstein with this News, who gets very irritated with him over this issue, Einstein said this, we have Light without Darkness and Darkness without Light, so we can have a Universe without God in it, and this debate comes down to Black Holes, this is a place where Light cannot Exist, only the Darkness can, so the reporter who according to his own account was about to piss his pants running back and forth all day, since neither would talk to him over a phone, nor would Tesla go into a room with Einstein in it, that happened once as a publicity ploy and Tesla was not happy about it, nor would he accept a Noble Prize if Einstein was going to get one since that went against everything Tesla believed in, so this time when the Reporter talks to Tesla, he laughs so hard for so long, the reporter was getting concerned since he did not get the Joke, Tesla says to the Reporter, Trinity said the Father, Son, and Mother, the Father and Son are both Atoms made of Protons and Neutrons, and why when you look at them under an Electron Microscope, this is me adding newer information, since that invention came after his time, but Tesla understood it, so we know they both contain both Light without Darkness and Darkness without Light, but the Torah said you cannot have Darkness without Light in you, and that meant our Atoms, so the Ether, meaning the Atmosphere, is made up of Atoms, and in all of them, we have never found

Darkness without Light, but we know nowadays, that in deep space we see a lot of it, we call it Dark Matter, but Tesla said the Darkness is the Rainbow of Colors we see, as well as Spectra of Colors we cannot see, proving that we do not have Darkness without Light inside of Atoms, and after going back to Einstein, and he did not have an answer and said to him, tell Tesla I denounce my Theories, he is right, so this Reporter rushes to his office and types this all up and submits it, and is told by the publisher of the paper to burn that Article and support Einstein, so they never reported that Einstein denounced all his Theories, but a lot of people got copies of that Article after that Reporter was fired for some other reason, so your job as the reader, is to prove this to yourself or deny it.

If you go to NASA's website and search for 5% decay per Century, Near Earth Object known as NEO, possibility of one hitting Earth in 2027, last I checked it was at 96%, and search for our Magnetic Pole heading to the Equator by 2033, and ask them where they think it will be by 2061, and understand that they have no reason to lie about this since I found it there, so can you, so always prove what I tell you, go there, do the Research, read what they have to say about it, and try to understand what that means, so let us assume you stopped here, and are now coming back after finding out that I am right about you being able to find it, and now I have your Attention, because even NASA has to admit these are both Extinction Level Events.

Trinary is about 3 Logical State Changes, from the Atomic Level under an Electron Microscope, you can research to find that what I tell you is indeed what is taking place, Solid is the Positive half of the Electrical Waveform, Semisolid is the Negative half of the Electrical Waveform, and at 0, we know this is Ground, we know that is Earth, so we know Mother Earth, or the Holy Ghost Spirit of Mother Nature is also our Equator, the top half is now Positive, or the Father, and we know for a fact, that all Electromagnetic Fields have to Collapse when transitioning from Positive to Negative, do the Research on this subject, make sure you fully understand Electrical Fields, our Planet is going to go from its North Magnetic Pole being Positive, to it becoming Negative, and to do that, both fields will not exist for a specific amount of time, which it needs to rebuild its Field in the Opposite Direction, if you take the size of the Earth in Miles, and divide that by $1/137^{\text{th}}$ you will find that time is about 6.66 minutes, doing more math you can calculate how much Atmosphere will be vacuumed into Space, all the Vapor in that Atmosphere will freeze solid and Freefall back to Earth when it actually has no Gravity, that is right, I just said it, for 6.66 Minutes our Earth will have no Gravity since that is Generated by the Polarity of our Magnetosphere, and its Field will fully Collapse, I have no idea what that will feel like, but I hope I live long enough to find out, having Cancer, and having some organs removed, I do not have any reason to believe I could live that long, but I am very stubborn, and working on a Briefcase that has an End of Time Recording Machine in it, you can find details on my GitHub Repository for the Light-Wizzard, along with other repositories I have there, that contains information I cannot put into a Document, like computer program code to Calculate where Life can exist inside a Galaxy, known as a Galaxy Calculator, everyone should have one. To prove to yourself what is the Truth, you need to investigate what sounds like the Truth Logically.

To understand Trinary Science, you only need to understand it is based on a everything being made of Atoms, and they have Light and Darkness inside them, it is not Complex, Trinary Math is amazingly Simple: $(+1) + (-1) = 0$, just graph it out, that is how Newton discovered Calculus in the Torah, he never said he invented it, he did say he discovered it, and the Torah is where he discovered it, and Science needs to be Founded on Facts and never allow Theory, those that believe they have a Right to believe what they want will tell you $(+1) + (-1) = 1$, that is how a Theory works, the same way Religion works, all based on Lies, and Trinary is only about the Truth and what you can prove is the truth about God being All Light without Darkness.

Trinary is a word, its meaning is not complex: 3 Logical State Changes seen in Atoms that have Light and Darkness in them, just because the Torah calls that God, does not mean I have to, and the reason is simple, removing Religion from Trinary Science.

The subject of Trinary is about what you can prove to yourself is Trinary Science, considering the World is nothing but Satanic Liars according to the Torah, we know it said that is the Sign of the End of Time, when the Church came out of the Closet as Gay Pedophiles, everyone was fine with it, they knew it deep down anyways, so no real surprise there, and over 3 Centuries now, the last one knowing about the Notes Sir Isaac Newton left, that are now Public domain, and even have a BBC Special about “The Last Magician”, a Magician being a Wizard, like the ones the Church and its Members would Hunt Down and Burn to Death, which is what sending them to Hell means, and why most of you do not know anything that any Wizard has written, and this is just the First Step to understanding the Journey of 33 more Steps to go, and the next Step is 2.
